FOR REVIEW ONLY
QUALITY OF INTERVIEW

Code your subjective impression as to the quality of the information collected during the interview. The subject may have refused to provide adequate descriptions of symptoms or been deliberately misleading on occasion.

0= Adequate

2= The interview is inadequate, in relation to the specified area, only in certain parts of the interview. Note the section where data is probably inadequate.

3= The whole interview is inadequate.

PARENTAL FIGURES

Parental figures are adults who have lived in the child's home for at least one month who assume some responsibility for attempting to control the behavior and discipline of the child.

Parental Figures in the Home (Parent #1 and Parent #2) are those who have lived in the child's home for at least one month of the primary period.

Parental figures living elsewhere (Other Parents #1 and Other Parent #2) are individuals who now live elsewhere who either currently act as parental figures or did so in the past, such as a biological parent who is now separated from the child.

What is your relationship with “Parent #1”?  
Is s/he your biological parent?  
Is s/he your adoptive parent?  
Step parent?  
Live-in partner of one parent?  
More than 6 months or less than 6 months?  
Grandparent?  
Some other relative like an aunt or uncle?  
Foster parent?  
An unrelated adult serving as a parent?

Gender  
1 = Male  
2 = Female

AGE  
How old is “Parent #1”?

What is your relationship with “Parent #2”?  
Is s/he your biological parent?  
Is s/he your adoptive parent?  
Step parent?  
Live-in partner of one parent?  
More than 6 months or less than 6 months?  
Grandparent?  
Some other relative like an aunt or uncle?  
Foster parent?  
An unrelated adult serving as a parent?

Gender  
1 = Male  
2 = Female

AGE  
How old is “Parent #2”?  

PARENT #1:  
Name

### AGE
RELATIONSHIP BETWEEN PARENT 1 AND PARENT 2

MARITAL RELATIONSHIP

A Marital Relationship is either a legal marriage or any continuing relationship that has lasted at least six months. In both cases, the relationship must have been ongoing during the last 3 months, with the partners living together in the same home for at least one month of that period.

N.B. Include homosexual partnerships if they fulfill the above criteria.

In the absence of a Marital Relationship, complete the ratings for an Exclusive Partnership, if appropriate.

Are your “Parents” married?

EXCLUSIVE PARTNERSHIP

Any exclusive relationship that has been ongoing for at least 3 months and has continued for some period during the preceding 3 months; and that has involved the partner in visiting the child's home for at least 10 hours per week.

N.B. Include homosexual partnerships if they fulfill the above criteria.

In the absence of an Exclusive Partnership, complete the ratings for Dating, if appropriate.

DATING

A relationship that fulfills the criteria for an Exclusive Partnership, except that it does not meet the 10 hr. time criterion.
Do you have any brothers or sisters?

Siblings
1= Full Sib
2= Half Sib
3= Step Sib
4= Adopted Sib

FAMILY SECTION

LIVING AT HOME
Child lives at home for at least 4 weeks of the last 3 months.

Have you lived at home for at least 4 weeks of the last 3 months?

WEEKS LIVING AT HOME
Number of weeks living at home with Parent #1/(Parent #2).

In the last 3 months, how many weeks have you lived at home?

IF NOT AT HOME ALL 12 WEEKS IN LAST 3 MONTHS, ASK:

Where else have you lived in the past 3 months?

LIVING ELSEWHERE IN LAST 3 MONTHS
CODE AS PRESENT AND CONTINUE.

When did you live at home for at least 4 weeks?

IF CHILD NOT LIVING AT HOME FOR AT LEAST 4 WEEKS IN LAST 3 MONTHS, CODE DATE WHEN LAST LIVED AT HOME FOR 4 WEEKS.

Where have you been living?

CAC2I01

Intensity

CAC2F01

Frequency

CAC3O01

REASON(S) NOT LIVING AT HOME 4 WEEKS
1 = Time spent away from home and parental figures while attending special program or camp, traveling, vacationing, visiting relatives or friends.
2 = In hospital.
3 = In treatment facility(ies)
4 = Living with other parent.
5 = Foster care
6 = Other
ARGUMENTS WITH PARENT #1
An argument is defined as a disagreement, lasting at least 5 minutes, that results in a dispute involving raised voices, shouting, verbal abuse, or physical aggression or fights.

Do you have arguments with “Parent #1”?

How long do these arguments last?
Do either one of you raise your voice?

How many arguments have you had with “Parent #1” in the last 3 months?

When was the first time you had an argument with “Parent #1”?

In the last 3 months, did you get physical during the argument?

Did you hit “Parent #1” while arguing?

In the last 3 months, how often have you had an argument with “Parent #1” that has gotten physical?

When was the first time you had an argument with “Parent #1” that got physical?

OTHER PHYSICAL VIOLENCE AGAINST PARENT #1 BY CHILD (WITHOUT ARGUMENTS)

In the last 3 months, have you hit “Parent #1” without having an argument?

In the last 3 months, how often have you hit “Parent #1” without an argument?

When was the first time this happened?
ARGUMENTS WITH PARENT #2

An argument is defined as a disagreement, lasting at least 5 minutes, that results in a dispute involving raised voices, shouting, verbal abuse, or physical aggression or fights.

**In the last 3 months, have you had arguments with your “Parent #2”?**

- How long do these arguments last?
- Do either one of you raise your voice?
- How many arguments have you had with “Parent #2” in the last 3 months?
- When was the first time you had an argument like this?

**In the last 3 months, did the arguments get physical?**

- Did you hit “Parent #2” while arguing?
- In the last 3 months, how many arguments have you had with “Parent #2” that got physical?
- When was the first time this happened?

OTHER PHYSICAL VIOLENCE AGAINST PARENT #2 BY CHILD (WITHOUT ARGUMENTS)

**In the last 3 months, have you hit “Parent #2” without having an argument?**

- In the last 3 months, how often has this happened?
- When was the first time this happened?

ARGUMENTS WITH OTHER ADULTS
An argument is defined as a disagreement, lasting at least 5 minutes, that results in a dispute involving raised voices, shouting, verbal abuse, or physical aggression or fights.

In the last 3 months, have you had arguments with other adults?
Like adults in the neighborhood or adults at the store/mall?
How long do these arguments last?
Do either one of you raise your voice?
How many arguments have you had with other adults in the last 3 months?
When was the first time this happened?

In the last 3 months, did the arguments get physical?
Did you hit the “Other Adult” while arguing?
In the last 3 months, how many arguments have you had with the “other adult” that got physical?
When was the first time this happened?

OTHER PHYSICAL VIOLENCE AGAINST OTHER ADULT BY CHILD (WITHOUT ARGUMENTS)
In the last 3 months, have you hit another adult without having an argument?
In the last 3 months, how often has this happened?
When was the first time this happened?
FOOD RELATED BEHAVIOR

REDUCED APPETITE
Reduction of normal appetite, or reduced interest in, or enthusiasm for food. Include change in appetite due to substance use or side effects of medication.

How has your appetite been in the last 3 months?
Has it been less than usual?
Has the amount you eat changed at all?
IF REDUCED APPETITE, ASK:
Has your appetite been reduced for at least 1 week?
How much less have you been eating?
When did your appetite start to fall off?

WEIGHT LOSS
Have you lost weight during the last 3 months?
Are you happy with your weight?
How much weight have you lost?
When did you start losing weight?

Coding rules

REDUCED APPETITE
0 = Absent
2 = Food intake has been definitely reduced below normal level because of lack of appetite for at least 1 week.
3 = Subject can only be induced to eat by marked parental or other persuasion.

FOOD RELATED BEHAVIOR

REDUCED APPETITE
Reduction of normal appetite, or reduced interest in, or enthusiasm for food. Include change in appetite due to substance use or side effects of medication.

How has your appetite been in the last 3 months?
Has it been less than usual?
Has the amount you eat changed at all?
IF REDUCED APPETITE, ASK:
Has your appetite been reduced for at least 1 week?
How much less have you been eating?
When did your appetite start to fall off?

WEIGHT LOSS
Have you lost weight during the last 3 months?
Are you happy with your weight?
How much weight have you lost?
When did you start losing weight?

**EXCESSIVE APPETITE**

An increase in appetite outside the normal range of the subject, including eating for comfort. Include change in appetite due to substance use or side effects of medication.

*In the last 3 months, have you had a bigger appetite than usual?*

*Have you actually eaten more than usual?*

  *How much more are you eating?*
  *Why are you eating more?*
  **IF INCREASE APPETITE, ASK:**
  
  *In the last 3 months, have you been eating more than usual for at least 1 week?*
  
  *When did you start eating more?*

**WEIGHT GAIN**

Do not include normal developmental weight gain, premenstrual weight gain, or weight gain because of pregnancy.

*Have you gained weight in the last 3 months?*

  *Are you trying to gain weight?*
  *How much weight have you gained?*
  *How long have you been putting on weight?*

**EXCESSIVE APPETITE**

0 = Absent

2 = Food consumption has been definitely increased above the subject's usual level for at least 1 week.

**WEIGHT GAIN**

0 = Absent

2 = Present
FOOD SELECTIVITY
Child extremely limited the range of foods consumed resulting in impairment in functioning or need for nutritional supplementation.

Note: Do not include instances of avoidance or restriction of food intake due to the lack of availability of food or cultural practices such as religious fasting or normal dieting.

Do you consider yourself a picky eater?
Would others describe you as a picky eater?
Do you get nervous at the thought of having to try a new food?
Is it hard for you to try new foods?
What makes it difficult for you to eat a wider range of foods?
What sort of things won't you eat?
What do your parents do about it?

IF PRESENT, ASK:

Do your “parent(s)” have to fix special meals just for you?
Do these food preferences interfere with family meals?
Does it make it difficult to go out to eat?

When did you start to get choosy about the food you will eat?

IF FOOD SELECTIVITY, CONTINUE. OTHERWISE, SKIP TO “INDIFFERENCE TO FOOD”, (PAGE 7).
FOOD SELECTIVITY DUE TO APPEARANCE
Subject avoids eating certain foods due to appearance. Subject may avoid eating food based on the color (i.e., red, green, etc.) or the appearance, that is, food looks “gross” or “disgusting” to subject.

Are you picky about eating because of the way food looks?

Are you disgusted or “grossed out” by the appearance of some foods?

Is that with most food or just some foods?
Do you avoid certain foods because of the color?

For example, red foods or green foods, etc.?
Does the appearance of a new food sometimes make you gag?

FOOD SELECTIVITY DUE TO TEXTURE
Child refuses to eat certain types of food (e.g., crunchy food; hard food; soft food) because of its texture. It significantly limits his/her food choices.

Are you picky about eating because of the texture of some foods?

Do you refuse to each certain foods because of the way it “feels” in your mouth?

Do you avoid certain foods because the texture is too soft?

Or the texture is too hard?
Do you avoid food because it is crunchy?

FOOD SELECTIVITY DUE TO TASTE
Child avoids certain foods based on taste.
Do not include simple dislike of vegetables, etc.

Are you picky about eating because of the way food tastes?
Are you disgusted or "grossed out" by the taste of some foods?
Does the taste of new food sometimes make you gag?
What happens?
DO NOT INCLUDE SIMPLE DISLIKE OF VEGETABLES, ETC.

FOOD SELECTIVITY DUE TO SMELL
Child avoids certain foods based on the smell. Subject may not be able to tolerate being in the same room because of the smell of certain foods.

Are you picky about eating because of the way food smells?
Are you disgusted or "grossed out" by the smell of some foods?
Does the smell of a new food sometimes make you gag?
Do you have to leave the room because you do not like the smell of some foods?
What happens?

Definitions and questions

SOCIAL IMPAIRMENT DUE TO FOOD SELECTIVITY
Child experiences marked interference with psychosocial functioning. Subject may experience social impairment with relationships with family members or friends. Selective eating may limit the number of places the subject can go.

Does your picky eating affect your relationships with others?

Does your picky eating upset your “parent(s)”?

How about with other family members?

Does it limit what you can do with others?

Does it limit the places you can go?

HEALTH IMPAIRMENT DUE TO FOOD SELECTIVITY
Child may be dependent on enteral feeding or oral nutritional supplements. Subject may experience significant weight loss or difficulty maintaining weight.

Has your picky eating affected your health?

Have others commented on your health?

Do you have to take nutritional supplements like PediaSure or Boost?

Have you experienced weight loss or trouble maintaining your weight?

Have you been on a feeding tube?
INDIFFERENCE TO FOOD

Child eats an inadequate amount of food due to disinterest or distaste for food that leads to health or social difficulties.

*Do you have a “take it or leave it” attitude about food or eating?*

*Do you sometimes forget to eat?*

*Do you find that most food is unappealing to you?*

*Is eating a chore?*

**IF YES TO ANY QUESTION, CONTINUE.**

*Does your indifference about food affect your relationships with others?*

*How about with family members? Does it limit the places you can go or what you can do with others?*

*Does your lack of interest in food affect your health?*

*Have others commented on your health? Do you have to take nutritional supplements?*

*Have you experienced weight loss or trouble maintaining your weight? Have you been on a feeding tube?*

*When did this start?*
**Definitions and questions**

**INSUFFICIENT FOOD QUANTITY/DISCOMFORT WITH EATING**
Child eats an insufficient quantity of food due to lack of experience of hunger, distaste of food, or physical or emotional discomfort associated with eating that is not associated with a fear of weight gain.

*Do you have trouble telling when you are hungry?*

*How do you usually tell?*

*Do you worry about how the food will make your body feel after you eat it?*

*Do you like the way food makes your body feel?*

*Does feeling full bother you?*

*What do you do?*

*Does your discomfort with eating affect your health?*

*Have others commented on your health?*

*Do you have to take nutritional supplements?*

*Have you experienced weight loss or trouble maintaining your weight?*

*Have you been on a feeding tube?*

*When did this start?*

**APPEARANCE MOTIVATION**
Child reduces food intake to in order to change appearance or body shape.

*Are you reducing the amount of food you eat in order to change your body shape?*

*Or to change your appearance?*

*When did this start?*

---

**SOMATIC MOTIVATION**

The child, either intentionally or unintentionally, reduces their food intake to avoid feelings of bodily discomfort (e.g., due to fear of gut pain, dislike of a full feeling or feelings of bodily discomfort).

**Do you limit food because of how it will make your body feel?**

**Are you ever too uncomfortable to eat?**

**Do you sometimes avoid eating because it is too painful for you to eat?**

IF YES TO ANY QUESTION, CONTINUE.

*Does your discomfort with eating get in the way of your relationships with others?*

*How about with family members?*

*Does it limit the places you can go or what you can do with others?*

*Has your discomfort with eating affected your health?*

*Have others commented on your health?*

*Do you have to take nutritional supplements?*

*Have you experienced weight loss or trouble maintaining your weight?*

*Have you been on a feeding tube?*

*When did this start?*
REWARDING VALUE OF FOOD
The child limits consumption of specific food types for fear of overeating or losing control over eating.

Have you stopped or limited certain foods because you fear you will over eat them?

What type of foods do you limit or restrict for these reasons?
IF YES, ASK:

When you eat these foods, do you have the feeling that you cannot stop eating it even though part of you wants to?

Do you ever feel driven or compelled to eat these foods?

When did this start?
School/Work Performance and Behavior

TYPE OF SCHOOL

Are you currently enrolled in school?
CHILDREN WHO ARE ON SUMMER BREAK ARE ENROLLED IN SCHOOL.
IF CHILD CURRENTLY ENROLLED IN SCHOOL, CONTINUE:

Which school do you go to?
Is that a regular school or some kind of alternative school?

What grade are you currently in?

Have you EVER repeated a grade?
Which grade(s)?
DO NOT COUNT KINDERGARTEN.

Have you EVER skipped a grade?
Which grade(s)?
DO NOT COUNT KINDERGARTEN.

There are 12 weeks in a 3 month period.

In the last 3 months, how many weeks were you in school?

Were you out sick for a whole week?
Any vacations lasting a week or more in the last 3 months?
Or school holidays lasting a week?
Did you skip school for a week or more?
Did you miss school because you were worried about going to school?
Have you been suspended for a week or more in the last 3 months?
EXCLUDE WEEKS OF VACATION/EXTENDED ILLNESS
INCLUDE WEEKS ENROLLED BUT MISSED SCHOOL BECAUSE OF TRUANCY OR WORRY/ANXIETY

Did you attend each day?

Were you out sick any days?

Any vacations?
Did you skip school?
Or miss school because you were worried about going to school?

School/Work Performance and Behavior D-1

IF CHILD IS STILL IN SCHOOL, COMPLETE. OTHERWISE, SKIP TO "SCHOOL INFORMATION FOR THOSE WHO HAVE LEFT SCHOOL", (PAGE 5).
Definitions and questions

ARGUMENTS WITH TEACHERS

An argument is defined as a disagreement, lasting at least 5 minutes, that results in a dispute involving raised voices, shouting, verbal abuse, or physical aggression or fights.

Do you have arguments with teachers?

Did you (or the teacher) raise your voice during the argument?

How long do these arguments last?

How many arguments have you had with a teacher in the last 3 months?

When was the first time you had an argument with a teacher?

Did any of these arguments get physical?

What happened?

In the last 3 months, how many times have you gotten physical during an argument with a teacher?

When was the first time this happened?

OTHER PHYSICAL VIOLENCE BY CHILD (WITHOUT ARGUMENTS)

In the last 3 months, have you hit a teacher without having an argument?

How many times has this happened in the last 3 months?

When was the first time this happened?
**ARGUMENTS WITH PEERS AT SCHOOL**

An argument is defined as a disagreement, lasting at least 5 minutes, that results in a dispute involving raised voices, shouting, verbal abuse, or physical aggression or fights.

**Do you have arguments with other kids at school?**

Who do you argue with?
Are they your friends?
Do either one of you raise your voice?
How long do these arguments last?

How many arguments have you had with other kids at school in the last 3 months?

When did this start?

**IF CHILD NOT ENROLLED IN SCHOOL, COMPLETE. OTHERWISE, SKIP TO "AFTER SCHOOL WORK ", (PAGE 7).**
## Definitions and questions

**SCHOOL INFORMATION FOR THOSE WHO HAVE LEFT SCHOOL**

Information about the school history of students who left school before the 3 month period. Do not include students who are on summer break.

**Have you officially left or quit school?**

**Did you graduate?**

**When did you officially leave school?**

**When was the last month you were officially ENROLLED in school?**

**How many days were you in school during that month?**

NUMBER OF WEEKS PRESENT AT LEAST 1 DAY PER WEEK.

CODE BEGINNING DATE OF 4 WEEK PERIOD WHEN WAS IN SCHOOL 1 DAY PER WEEK.

**When was the last time you were in school for 4 weeks and went to school at least 1 day a week?**

TOTAL NUMBER OF DAYS PRESENT.

**How many days did you go to school during that 4 week period?**

**What was the last grade you COMPLETED?**

**Have you EVER repeated a grade?**

**Which grade(s)?**

DO NOT COUNT KINDERGARTEN.

**Did you graduate?**

IF DID NOT GRADUATE, ASK

**Have you gotten your GED?**

**Did you complete an alternative school program?**

Definitions and questions

**PATTERN OF SCHOOL NON-ATTENDANCE (TRUANCY)**

**MISSING TIME AT SCHOOL (TRUANCY): 3 MONTHS**

The child fails to reach, or leaves school, without permission of school authorities, and without a normally acceptable excuse (such as illness), for reasons not associated with either separation anxiety or fear of school. The reason may be dislike of school or a wish to take part in other activities, with or without friends.

Non-attendance because of worry or anxiety may also occur, in which case both are rated as being present.

In the last 3 months, have you skipped school?

In the last 3 months, have you skipped any classes while in school?

In the last 3 months, have you skipped out of school during the day?

In the last 3 months, have you pretended to be sick so that you will not have to go to school?

How many days have you skipped school in the last 3 months?

How many times have you left school without permission in the last 3 months?

How many classes have you skipped in the last 3 months?

3 CLASSES EQUALS 1/2 DAY

When was the first time you skipped school?

**IF SKIPPED SCHOOL IN 3 MONTHS, CONTINUE. OTHERWISE, SKIP TO END.**

Definitions and questions

**STAYS AT HOME SOME MORNINGS (TRUANCY)**

*Do you stay at HOME sometimes when you should be at school?*

Do your parents make you go to school?
Do they try to make you go to school?
Is it like that every morning?

*In the last 3 months, how many times have you stayed home from school because of truancy?*

**HAS TO BE TAKEN TO SCHOOL (TRUANCY)**

Parent or someone else has to take child to school to ensure arrival for reason other than the child's anxiety or emotional disturbance.

*In the last 3 months, have your parents had to take you to school to make sure that you don’t skip school?*

Does anyone else take you to school to make sure you don’t skip school?

*How often has this happened in the last 3 months?*

**PARENTAL COLLUSION (TRUANCY)**

The child is out of school, meeting criteria for truancy. The parents know the child is not attending school and do not take measures to get the child to school.

*Do you parents know that you skip school?*

What do your parents do when you don’t want to go to school?

Do they try to make you go to school?

Do your parents think you should be going to school?

Do your not going to school bother them?

Coding rules

SCHOOL/SEPARATION ANXIETY

SEPARATION ANXIETY

WORRIES/ANXIETY ABOUT POSSIBLE HARM

Unrealistic and persistent worry or fear about possible harm befalling major attachment figures, or fear that they will leave and will not return. Includes fear or subjective anxious affect related to the possibility of bad things happening at home while the child is at school.

In the last 3 months, do you worry when your parents go out without you?

When you are away from your parent(s), do you worry that THEY might come to some harm?

What do you think might happen to your parent(s)?

Do you worry that THEY might leave you?

Do you worry about what might happen at home when you are at school?

What do you think might happen?

What were you doing at the time you were worried?

Can you stop worrying?

Can your parent(s) reassure you that they will be alright?

Do these fears or worries affect you at home or school?

In the last 3 months, how often has this happened?

How long does this feeling last?

When was the first time this happened?

Coding rules

WORRIES/ANXIETY ABOUT POSSIBLE HARM

## WORRIES/ANXIETY ABOUT CALAMITOUS SEPARATION

Unrealistic and persistent worry or fear that an unexpected calamitous event will separate the child from a major attachment figure, e.g., the child will be lost, kidnapped, killed, or be the victim of an accident.

**Do you worry that YOU might come to some harm while you're away from the family?**

What do you think might happen to you?

**Do you worry that YOU might get lost, or kidnapped or killed?**

What happens at school time?
What happens if a friend asks you to go out?
Do you go?
What are you doing at the time when you're worried? Can you stop yourself from being worried? Always or just sometimes?

**In the last 3 months, how often has this happened?**

**How long does this feeling last?**

**When was the first time this happened?**

## RELUCTANCE TO SLEEP ALONE

Persistent reluctance or refusal to go to sleep without being near a major attachment figure.

**Can you go to sleep on your own?**

**Do you need your "mom" (or dad) to stay in the room with you in order to fall asleep?**

Do you need to be near an adult (or sibling) in order to fall asleep?
Do you get upset if your parent (or other attachment figure) won't stay near you? Could you go to sleep on your own if you had to?

**In the last 3 months, how often has this happened?**

**How long does the reluctance to go to sleep last?**

**When was the first time this happened?**

**FOR REVIEW ONLY**
**SLEEPS WITH FAMILY MEMBER**

Actually sleeps with a family member because of persistent refusal to sleep (through the night) without being near a major attachment figure.

*Can you sleep the night through on your own?*

*Do you have to sleep with "Mom" or "Dad" in order to get to sleep?*

Or with a sibling?  
Do you get upset if you are not near them when sleeping?  
How often do you sleep with a family member(s)?  
When was the first time this happened?

**RISING TO CHECK ON FAMILY MEMBERS**

Rising at night to check that attachment figures are still present and/or free from harm.

This does not include rising to check on subject's own child, if s/he has one.

*Do you get up to check that "family members" are safe?*

Do you wake your parent(s) up when you check on them?  
Are you able to go back to bed and fall asleep on your own after getting up to check on them?  
How often do you do that?  
When did you start getting up to check on the family?

---

**Definitions and questions**

**SLEEPS WITH FAMILY MEMBER**

- 0 = Absent
- 2 = Sometimes reluctant to go to sleep alone.
- 3 = Almost always reluctant to go to sleep alone. Protests nearly every night unless allowed to sleep with family member.

**RISING TO CHECK ON FAMILY MEMBERS**

- 0 = Absent
- 2 = Sometimes rises to check on family members but without waking them.
- 3 = Wakes family members up when checks on them.
AVOIDANCE OF SLEEPING AWAY FROM FAMILY

Avoidance, or attempted avoidance, of sleeping away from family as a result of worrying or anxiety about separation from home or family.

Have you ever spent the night away from home?
Do you get worried about sleeping away from home?
Do you try to avoid sleeping away from home?
In the last 3 months, have your "parents" had to pick you up while staying away from home because you were afraid?

Have you ever been on any overnight school trips?
Do you ever stay overnight with friends?
What about your grandmother's (or other relatives)?
IF NEVER SLEPT AWAY FROM FAMILY, ASK:

Have you ever been asked to sleep over?
Were you afraid to go?
When was the first time this happened?

SEPARATION DREAMS

Unpleasant dreams involving theme of separation.

Have you had any nightmares about leaving your "parents"?
Have you had bad dreams about being separated from your "parents"?
Did the dream wake you up?
How often do you have these bad dreams?
When was the first time you had these dreams?

AVOIDANCE OF SLEEPING AWAY FROM FAMILY

0 = Absent
2 = Avoidance or attempted avoidance in last 3 months but has slept away from the family at some time.
3 = Avoidance in last 3 months and has never slept away from family.

SEPARATION DREAMS

0 = Absent
2 = Separation dreams recalled
3 = Separation nightmares wake child.
Definitions and questions

AVOIDANCE OF BEING ALONE
Persistent and excessive fear of or reluctance about being alone or without major attachment figures at home or in other settings.

Do you try to avoid being on your own?
Are you afraid of being alone?
Do you follow your "parent(s)" around the house because you are afraid to be alone?
Are you afraid to be in a room by yourself?

Do you start to cry or get upset?
Can you stop yourself from being afraid?

When did this start?

ANTICIPATORY DISTRESS
Signs or complaints of excessive distress in anticipation of separation from major attachment figures; or crying, pleading with parents not to leave.

What do you do when you realize your "parents" are going leave you?
Do you get frightened or upset when you find out they have to leave you?
Do you cry or beg your "parents" not to go?

What were you doing at the time you got upset about your "parents" leaving you?
Can you stop yourself from being afraid?

When was the first time this happened?
Definitions and questions

WITHDRAWAL WHEN ATTACHMENT FIGURE ABSENT

Social withdrawal, apathy, sadness, or difficulty concentrating on work or play when not with a major attachment figure.

What happens AFTER you’re left alone (or with a sitter)?

Do you become sad or withdrawn AFTER they leave?

Can you stop yourself from being sad?
What were you doing at the time?
Does anything make you feel better?
What if you are with friends?
Does that help?

When was the first time this happened?

ACTUAL DISTRESS WHEN ATTACHMENT FIGURE ABSENT

Signs or complaints of excessive distress, or extreme homesickness, when separated from major attachment figure.

Do you get very upset sometimes AFTER your "parents" have left you?

Do you cry when you’re separated from them?

Do you get homesick?
Have you had to come home because you were so upset about being separated from your "parents."
What were you doing at the time this happened?
Can you stop yourself from getting upset?
Always or just sometimes?

When was the first time this happened?

Codes

WITHDRAWAL WHEN ATTACHMENT FIGURE ABSENT

0 = Absent
2 = At least sometimes uncontrollable withdrawal etc., in at least 2 activities, when not with attachment figures.
3 = Nearly always uncontrollable withdrawal etc., in most activities, when not with attachment figures.

ACTUAL DISTRESS WHEN ATTACHMENT FIGURE ABSENT

0 = Absent
2 = At least sometimes uncontrollable distress etc., in at least 2 activities, when not with attachment figures.
3 = Nearly always uncontrollable distress etc., in most activities, when not with attachment figures.
**WORRIES/ANXIETY OVER GOING TO SCHOOL**

**SCHOOL NON-ATTENDANCE (WORRYING/ANXIETY)**

School non-attendance due to worrying/anxiety or fear of the school setting.

*In the last 3 months, have you stayed home from school because you were too worried or upset about GOING to school?*

*In the last 3 months, have you pretended to be sick so you won't have to go to school?*

*Have you pretended to be sick so you could leave school early?*

*In the last 3 months, have you left school early because you were too afraid to STAY to school?*

**IF YES TO ANY QUESTION, CODE AS PRESENT.**

*In the last 3 months, how many days have you missed school due to worry about school?*

*How many times have you been picked up early due to anxiety in the last 3 months?*

**FREQUENCY CODED AS NUMBER OF 1/2 DAYS MISSED.**

**NOTE: 3 CLASSES EQUALS 1/2 DAY**

*When was the first time you missed school because you were worried or upset about going to school?*
### Definitions and questions

**WORRIES/ANXIETY ABOUT LEAVING HOME**
Worry or subjective anxious affect related to leaving home for school.

**Do you worry about leaving home to go to school?**

**Are you frightened about having to leave home?**

*What do you think might happen?*
*Do you end up staying at home?*
*What are you doing at the time when you are worried?*
*Can you stop yourself from being worried like that?*
*Always or just sometimes?*
*What if your parents reassure you?*

*How often does this happen?*
*How long do you feel worried or upset?*
*When did you start acting this way?*

**ANTICIPATORY FEAR OF SCHOOL**
Anticipatory worry or subjective anxious affect related to school situation.

**Do you get anxious or upset about school on school mornings?**

**Are you frightened or worried about anything at school?**

*Such as particular classes, or teachers, or the behavior of other children?*

**Do you worry about school when you’re not actually there?**

*Why are you frightened about school?*
*Can you stop being frightened?*
*Can anyone manage to reassure you?*

*In the last 3 months, how often has this happened?*
*In the last 3 months, how often has this happened?*
*When was the first time this happened?*

Definitions and questions

FEAR WHEN AWAY OF WHAT WILL HAPPEN AT HOME
Worry or subjective anxious affect related to the possibility of bad things happening at home while the child is at school.

Do you worry about what might happen at home when you are away at school?
What do you think might happen?
What are you doing at the time when you are afraid?
Can you stop yourself from being afraid?
Always or just sometimes?

In the last 3 months, how often has this happened?
How long do these feelings last?
When was the first time this happened?

PHYSICAL SYMPTOMS OF SEPARATION
Complaints of physical symptoms, e.g. stomachaches, headaches, nausea, vomiting, on school days, or on other occasions when separation from major attachment figures occurs or is anticipated.

Remember to complete anxious autonomic symptoms.

In the last 3 months, do you get headaches or stomachaches on school days?
Do you get any aches or pains on school days?
Do you feel sick like that when you're separated from your parent(s)?

In the last 3 months, how often has this happened?
When did this start?

Definitions and questions

PATTERN OF NON-ATTENDANCE
(WORRIES/ANXIETY)

HAS TO BE TAKEN TO SCHOOL
(WORRY/ANXIETY)

Parent, or someone else, has to take child to school to ensure arrival because the child is anxious about leaving home or going to school.

Do your parents have to take you to school sometimes to make sure you get there?

Does anyone else have to take you to school to make sure you get there?

Do they take you because you are afraid to leave home or go to school?

In the last 3 months, how often has this happened?

IF MISSED SCHOOL DUE TO ANXIETY, CONTINUE. OTHERWISE, SKIP TO END.

Coding rules

Definitions and questions

STAYS AT HOME SOME MORNINGS (WORRY/ANXIETY)

Child stays out of school because of fear/anxiety/emotional disturbance.

Question in detail to differentiate staying at home because of anxiety or other emotional disturbances or from staying at home for other reasons.

In the last 3 months, do you stay at home sometimes because you are worried about going to school?

How do you feel on these mornings?
What do your parents do when you don’t want to go to school?
Do they make you go?
Do they try to make you go?

In the last 3 months, how often has this happened?

Coding rules

STAYS AT HOME SOME MORNINGS (WORRY/ANXIETY)

0 = Absent
2 = Without marked parental attempts to get him/her to school.
3 = With marked parental attempts to get him/her to school.
**RUNS OUT OF SCHOOL (WORRY/ANXIETY)**

Child either fails to reach school because of worry/anxiety, or leaves before end of school day without permission because of worry/anxiety.

Question in detail to differentiate anxiety over school attendance from truancy or other forms of non-attendance.

If school non-attendance present, remember to complete legal action or treatment section and autonomic symptoms.

*Are there times when you just can’t bear to go into school because you are worried about school?*

*Have you left school without permission because of your worry about school?*

*What is it that makes it difficult for you to go into school?*

IF CHILD LEAVES SCHOOL DUE TO WORRY/ANXIETY, CONTINUE:

*Do you LEAVE school and come back home when you’re worried or anxious about school?*

*In the last 3 months, how often has this happened?*

*Do you leave home and fail to ARRIVE to school because you’re worried/anxious about school?*

*Do you arrive to school then LEAVE school because you’re worried/anxious about school?*

*When this happens, do you go off alone?*

*In the last 3 months, how often has this happened?*

*When you LEAVE school because you’re worried or anxious, do you go off with friends?*

*Where do you go?*

*In the last 3 months, how often has this happened?*
WORRIES

WORRIES
A round of painful, unpleasant, or uncomfortable thoughts that cannot be stopped voluntarily and that occurs across more than one activity, with a total daily duration of at least 1 hour.

Do not include worries coded under School Non-Attendance, Separation Anxiety, or Hypochondriasis.

Most people have got some worries. What do you worry about?

Do you worry about what will happen in the future?
Do you worry about bad things happening in the future?
Do you worry about things you have done?
Do you worry about how well you do things?
Like school work or sports?
Do you worry about what people think of you?
Do you get worried when other people are around?
Do you worry about how you are with other people?
Do you get self-conscious?
Do you worry about how you look?
Do you worry about whether your family will have enough money?
Do you worry about whether your family will have enough food?
Do you have other worries?

What are they?
What are you doing when you are worrying?
Does worrying keep you awake at night?
Does worrying affect your concentration?
Can you stop yourself from worrying?

How often do you worry about these things?

How long do these feelings last?
Any times in the last 3 months that you have been worried for 1 hour or more?

When was the first time you worried like this?

WORRIES

0 = Absent
2 = Worrying is intrusive into at least 2 activities and uncontrollable at least some of the time.
3 = Worrying is intrusive into most activities and nearly always uncontrollable.

FOR REVIEW ONLY
WORRIES ABOUT PHYSICAL ILLNESS (HYPOCHONDRIASIS)

All characteristics of worrying are present including a total daily duration of at least 1 hour, but the worrying is specifically concentrated on the possibility of disease or malfunction in the subject.

Do you worry at all about being physically ill?

Do you worry that there may be something seriously wrong with you?

What do you worry about?
What are you doing when you are worried about that?
Can you stop yourself worrying?
What happens when someone tries to reassure you?

How often do you worry about being ill?

How long do you worry about being ill?
Any times in the last 3 months that you have been worried for 1 hour or more?

When did you first start to worry about this?

IF SEPARATION ANXIETY, WORRIES, OR WORRIES ABOUT PHYSICAL ILLNESS (HYPOCHONDRIASIS), CONTINUE. OTHERWISE SKIP TO NEXT SECTION.

IF SCHOOL RELATED WORRIES/ANXIETY, SEPARATION ANXIETY, WORRIES, OR HYPOCHONDRIASIS, CONTINUE. OTHERWISE, SKIP TO END.
EXCESSIVE NEED FOR REASSURANCE

The subject seeks reassurance from others about at least two topics of worry, but the worries continue in spite of such reassurance. Include School-Related Worries/Anxiety, Separation Anxiety, Worries and Hypochondriasis.

Do you tell people about your worries?

How often?
Do they get fed up with hearing about your worries?

What happens then?
Can you stop yourself from talking about your worries?

Coding rules

EXCESSIVE NEED FOR REASSURANCE

CCA2I01
Intensity

0 = Absent
2 = Seeks reassurance at least weekly (once a week for four consecutive weeks), but not to the extent of interfering with ordinary social discourse.
3 = Seeks reassurance to such an extent that ordinary social discourse with at least one person is interfered with, as evidenced by loss of patience, or avoidance of contact with subject, by that person.
Anxious Affect

ANXIOUS AFFECT

NERVOUS TENSION
An unpleasant feeling of “nervousness,” “nervous tension,” “being on edge,” “being keyed-up.” The feeling is unpleasant and should have a total daily duration of at least 1 hour.

Do you feel tense, nervous, or on edge?

Do you get tense or nervous in anticipation of an event?

What do you feel “nervous” about?
How bad is it?
Does anything bring it on?
What are you doing when you feel this way?
Can you calm yourself down?
If you concentrate on something or do something you like, does the nervousness go away?

How often do you feel this way?

How long does the feeling last?
Any times in the last 3 months that it lasted a total of 1 hour or more during the day?

When did it start?

SUBJECTIVE ANXIOUS AFFECT (FRIGHTENED AFFECT)

Feeling of fear and apprehension. Consider only the mood state itself here and not its behavioral concomitants.

All anxious affect situations refer to anxiety-provoking stressors that affect the child either in the presence of the stressor or just by thinking about it. Whether cued by the presence or by the anticipation of the stressor, the key concept is controllability of the anxiety.
SOCIAL ANXIETY

Subjective Anxious Affect specific to social interactions with peers and/or adults. The fear or anxiety experienced during the social situation is out of proportion to the actual threat or danger posed by the social situation.

Note: There is desire for involvement with familiar people.

Include fear, self-consciousness, fear of rejection, embarrassment, and concern about appropriateness of behavior when interacting with unfamiliar peers and/or adults.

Do you become nervous or frightened when you have to talk with people?

Are you nervous or frightened when you have to talk to other kids?

Do you get upset when you have to meet new people?

Do you become extremely shy in social situations?

Are you able to go to birthday parties and interact with the other people?

How about other places like the park or playground?

What happens?
Are you frightened because you think that others may think you are stupid?
Do you think that people might make fun of you?
Are you frightened that you might offend others?
Are you scared because you think that people might reject you?
Do you try to hide yourself?
Do you turn your face away?
Or refuse to speak?
Do you try to leave the room?
Can anyone reassure you so you can become more comfortable in the situation?
Does that help?

How often do you feel this way?

How long do these feelings last?

When was the first time this happened?

Do you get upset when you have to meet new people?
Or start to cry?
Or refuse to speak?

When did you first get upset like that?

SOCIAL ANXIETY

0 = Absent

2 = Social anxiety is intrusive into at least 2 activities and uncontrollable at least some of the time.

3 = Social anxiety is intrusive into most activities and nearly always uncontrollable.

4 = The child has not been in such a situation during the last 3 months because of avoidance, but child reports that anxious affect would have occurred if s/he had been in situation.

DISTRESS

0 = Absent

2 = New or forced social situation leads to (or would lead to) crying, lack of spontaneous speech, withdrawal from social situation, or anxious silliness.

SOCIAL ANXIETY - DISTRESS ONSET

0 = Absent
Definitions and questions

**Anxious Affect**

Do you avoid going to parties or places where you might have to talk to people? Have you changed your plans or routines so that you can avoid these situations?

When did you first start to avoid these situations?

**ANXIOUS FOREBODING**

Subjective Anxious Affect with an unaccountable feeling of doom or that something awful may happen. It should have a total daily duration of at least 1 hour.

Do you ever have a feeling, for no reason, that something awful is going to happen?

Do you get feelings of imminent doom for no reason at all?

What makes you feel that way?
Tell me about that.
What are you doing at the time when you feel like that?
Can you stop yourself from feeling like that?
Always or just sometimes?

How often does this happen?

How long do these feelings last?
Are there any times it lasts as long as 1 hour in a day?

When was the first time this happened?

Definitions and questions

FEAR OF STANDING IN LINE OR BEING IN A CROWD

Child experiences marked fear or anxiety about standing in line or being in a crowd. The fear or anxiety experienced during the situation is out of proportion to the actual threat or danger posed by the agoraphobic situation and to the sociocultural context.

Are you afraid of standing in lines?
Are you afraid of going out into crowded places?
Or being around a lot of people?
Does the thought of these things frighten you?

Tell me how you feel when these things happen. Are you afraid because you think it might be difficult for you to escape? Are you afraid you will not be able to get help if you needed it? Are you afraid that you might do something stupid or embarrassing while in the situation? What are you doing at the time when you are afraid? Can you stop yourself from being afraid? Can your “parent(s)” reassure you?

Always or just sometimes?

How often has that happened in the last 3 months?
How long does this feeling last?
When was the first time this happened?
Do you do anything to avoid these situations?
Do you avoid going certain places or doing certain things because you are afraid?
Do you change plans or routines so that you can avoid these situations?
What happens?
When did you start avoiding these situations?

Coding rules

FEAR OF STANDING IN LINE OR BEING IN A CROWD

0 = Absent
2 = Agoraphobia is intrusive into at least 2 activities and uncontrollable at least some of the time.
3 = Agoraphobia is intrusive into most activities and nearly always uncontrollable.
4 = The child has not been in the anxiety provoking situation during the past 3 months because of avoidance, but the child reports that the anxious affect would have occurred had s/he been in such a situation.

AVOIDANCE: FEAR OF STANDING IN LINE OR BEING IN A CROWD

0 = Absent
2 = Subject has developed routines that allow him/her to adopt a relatively normal lifestyle while avoiding feared situation.
3 = Subject lives a highly restricted life because of feared situations.

FOR REVIEW ONLY
FEAR OF BEING OUTSIDE OF THE HOME ALONE

Child experiences marked fear or anxiety about being outside of the home alone. The fear or anxiety experienced during the situation is out of proportion to the actual threat or danger posed by the agoraphobic situation and to the sociocultural context.

Are you afraid of being alone while outside of your home?

Are you afraid of going outside alone?

Does the thought of these things frighten you?

Tell me how you feel when these things happen.
Are you afraid because you think it might be difficult for you to escape?
Are you afraid you will not be able to get help if you needed it?
Are you afraid that you might do something stupid or embarrassing while in the situation?
What are you doing at the time when you are afraid?
Can you stop yourself from being afraid?
Can your "parent(s)" reassure you?
Always or just sometimes?

How often has that happened in the last 3 months?

How long does this feeling last?

When was the first time this happened?

Do you do anything to avoid these situations?
Do you avoid going certain places or doing certain things because you are afraid?
Do you change plans or routines so that you can avoid these situations?
What happens?

When did you start avoiding these situations?

IF AGORAPHOBIA, CONTINUE. OTHERWISE, SKIP TO "ANIMAL FEARS", (PAGE 11).
FEAR OF PANIC OR PANIC-LIKE SYMPTOMS

Fears described under agoraphobia result from being in places or situations from which the subject feels it would be difficult or embarrassing to escape in the event of a panic attack or panic-like symptoms.

Fears of panic may be present even when subject has not had a panic attack in the recent past.

Are you afraid because you might get panicky or have a panic attack in those situations?

Are you afraid that you might embarrass yourself or do something stupid?

Are you afraid of these things because it might be difficult for you to escape if you had to?

Are you afraid that there might not be anyone there to help you if you got panicky?

Does this happen in different situations or places?

Do you avoid going places or doing certain thing?

Does it affect what you do or where you go?

Can you stop yourself from being afraid?
Definitions and questions

**ANIMAL FEARS**

Subjective Anxious Affect specific to animals. The fear or anxiety experienced is out of proportion to the actual threat or danger posed by the feared animal or situation.

Do not include fear of spiders, insects, snakes, or birds.

Instead, code these fears in Anxiety or Fear Provoking Situations Aide-Memoir.

**Do any animals frighten you?**

Which ones?
What happens?
Do you cry or get upset?
Or “freeze up”?
How afraid are you?
What are you doing when you are frightened like this?
Can you stop yourself from being afraid?
Always or just sometimes?

How often has that happened in the last 3 months?

How long does that last?

When was the first time this happened?

Do you change plans or routines so that you can avoid these situations?

When did you first start to avoid these situations?

---

**Coding rules**

**FEAR OF ANIMALS**

0 = Absent

2 = Fear of animals is intrusive into at least 2 activities and uncontrollable at least some of the time.

3 = Fear of animals is intrusive into most activities and nearly always uncontrollable.

4 = Subject has not been in situation in past 3 months because of avoidance, but reports that anxious affect would be present if s/he had been in situation.

**AVOIDANCE**

0 = Absent

2 = Subject has developed routines that allow him/her to adopt a relatively normal lifestyle while avoiding feared situation.

3 = Subject lives a highly restricted life because of feared situations.

**ANIMAL FEARS - AVOIDANCE ONSET**
### Definitions and Questions

#### FEAR OF INJURY

Subjective anxious affect specific to the possibility of being hurt. The fear or anxiety experienced is out of proportion to the actual threat or danger posed by the feared object or situation.

**Do you feel "nervous" or "frightened" about getting hurt or injured?**

**Do you become very afraid or upset when you get a small cut or bruise?**

Does it affect what you do?  
What are you doing at the time when you’re afraid?  
Can you stop yourself from being afraid?  
Always or just sometimes?  
What happens if someone tries to reassure you?

How often has that happened in the last 3 months?  
How long do you stay afraid?  
When was the first time this happened?

**Do you change plans or routines so that you can avoid these situations?**

**When did you first start to avoid these situations?**

---

Anxious Affect
**Definitions and questions**

**FEAR OF BLOOD/INJECTION**

Subjective Anxious Affect in relation to sight of blood, receipt or sight of injections, or anticipation of sight of blood or injections. The fear or anxiety experienced is out of proportion to the actual threat or danger posed by the feared object or situation.

AIDS-related fears are not coded here.

**Do you feel frightened about the sight of blood?**

**Are you afraid of getting a shot or injection?**

**Are you afraid of seeing anyone getting an injection?**

**Do you get upset or cry when you find out you’re going to get a shot?**

Do doctors or nurses have to hold you down?
Does the thought of getting a shot frighten you?
Can you stop yourself from being afraid?
Always or just sometimes?

In the last 3 months, how often have you been afraid of blood/injections?

How long does this fear last?

When was the first time this happened?

Do you change plans or routines so that you can avoid these situations?

Have you refused to go to the doctor because you thought you might get a shot?

With reassurance, are you able to remain in the situation?

When did you first start to avoid these situations?

**Coding rules**

**FEAR OF BLOOD/INJECTION**

0 = Absent

Definitions and questions

ANXIETY OR FEAR PROVOKING SITUATIONS AIDE-MÉMOIR

Subjective anxious affect related to other fear provoking situations. The fear or anxiety experienced is out of proportion to the actual threat or danger posed by the feared object or situation.

Are there any other things that you afraid of?

Loud sounds?
Thunder, lightning, or storms?
Heights?
Elevators or Escalators?
Costumed Characters like Clowns or Chuck E. Cheese?
Water?
Burglars or Robbers?
Getting a haircut?
Insects and spiders?
Snakes?
Birds?
The dark?
Illness?
Frightening things on TV or Movies?
War?
Anything else that I haven’t mentioned?

What are you doing when you are afraid?
Can you stop yourself from being afraid?

In the last 3 months, how often have you been afraid of these things?

How long do you stay afraid?

When was the first time this happened?

Do you change plans or routines so that you can avoid these situations?

When did you first start to avoid these situations?

Coding rules

OTHER FEARS

0 = Absent
2 = Fear is intrusive into at least 2 activities and uncontrollable at least some of the time.
3 = Fear is intrusive into most activities and nearly always uncontrollable.
4 = Subject has not been in situation in past 3 months because of avoidance but reports that anxious affect would be present if s/he had been in situation.

AVOIDANCE

0 = Absent
2 = Subject has developed routines that allow him/her to adopt a relatively normal lifestyle while avoiding feared situation.
3 = Subject lives a highly restricted life because of feared situations.

Anxious Affect

FOR REVIEW ONLY
**FREE FLOATING ANXIOUS AFFECT**

Anxiety not associated with any particular situation with a total daily duration of at least 1 hour.

*Do you ever feel frightened without knowing why?*

What are you doing at the time when you're afraid? Can you stop yourself from being afraid? Always or just sometimes?

Can anyone reassure you?

How often are you afraid like this?

How long do these feelings last?

Any times in the last 3 months that it lasted a total of 1 hour or more during the day?

When was the first time this happened?

---

**IF SITUATIONAL, FREE-FLOATING ANXIOUS AFFECT, WORRY ABOUT SCHOOL, SEPARATION, WORRIES OR NERVOUS TENSION PRESENT, CONT. OTHERWISE, SKIP TO "PANIC ATTACKS", (PAGE 18).**
Definitions and questions

CONCENTRATION DIFFICULTIES
Difficulty in concentrating or mind "going blank" when feeling anxious.

*When you feel “anxious” or scared, is it hard for you to concentrate?*

What happens?
Can you focus on a game or homework?
How often have you had this kind of difficulty concentrating?
When did this start?

EASY FATIGABILITY
Child becomes easily fatigued when anxious.

*When you’re worried or anxious, do you seem to get tired more easily?*

What happens?
Can you continue to play or interact even though you’re tired out from being anxious?
Do you need more sleep, either during the day or at night?
How often have you felt like that in the last 3 months?
When did this start?

MUSCLE TENSION
Generalized tightness, stiffness, or soreness in muscles not resulting from physical exercise.

*Do your muscles tense up when you’re “worried,” “anxious,” or “frightened”?*

How often has this happened in the last 3 months?
When did this start?

CONCENTRATION DIFFICULTIES
0 = Absent
2 = Concentration impairment sufficient to interfere with ongoing activities.

EASY FATIGABILITY
0 = Absent
2 = Feels fatigued after slight exertion but continues with tasks at hand.
3 = Fatigue leads to reduced performance of tasks at hand.

MUSCLE TENSION
0 = Absent
2 = Present
RESTLESSNESS
Increased unnecessary whole body movements (e.g., getting up and moving around) when anxious or worried.

Do you get restless when you’re "worried," "anxious," or "frightened"?

Do you have to keep getting up or moving around when you are "worried," "anxious," or "frightened"?

Keyed up or on edge?

How often were you restless like this in the last 3 months?

When did this start?

SLEEP DISTURBANCE WHEN WORRIED/ANXIOUS
Child has difficulty falling asleep, staying asleep, restless or unsatisfying sleep when anxious or worried.

When you are worried or anxious, do you have trouble falling asleep?

Do you have trouble staying asleep because you are anxious or worried?

How often have you had difficulty sleeping in the last 3 months?

When did this start?

IRRITABILITY WHEN WORRIED/ANXIOUS
Increased ease of precipitation of externally directed feelings of anger, bad temper, short temper, resentment, or annoyance when worried or anxious.

When you are worried or anxious, do you become more irritable?

Are you easily angered when you are worried or anxious?

How often have you been irritable like that in the last 3 months?

When did this start?

### Definitions and questions

**PANIC ATTACKS**

Panic attacks are discrete episodes of overwhelming subjective anxious affect and autonomic symptoms that reach a peak within 10 minutes of onset, and that the subject usually tries to terminate by taking some definite action, unless they are too "frozen" by panic to do so.

**Do you get panicky?**

**Have you had a panic attack in the last 3 months?**

Do you try to avoid situations where you might get panicky?
Does it affect you physically at all?
How does it affect you physically?
Do you have to get out of the situation?
What do you do?

Does it occur for no good reason?
Does it sometimes happen "out of the blue"?

Does it occur in any SPECIFIC situations?
What triggers it?

How often has this happened in the last 3 months?

How long do these feelings of panic last?

When was the first time this happened?

---

**IF PANIC ATTACKS, CONTINUE. OTHERWISE, SKIP TO END.**

**Anxious Affect**

G-18
**DEREALIZATION DURING PANIC ATTACK**
The subject experiences his/her surroundings as unreal; everything may seem colorless, artificial, or dead.

*When you got panicky, did you feel that things around you didn’t seem real?*

*Or that it was like a stage set with people acting like robots instead of being themselves?*

*What was it like?*

*When did this start?*

**DEPERSONALIZATION DURING PANIC ATTACK**
The subject feels as if s/he is unreal, that s/he is acting a part, or that s/he is detached from his/her own experiences.

*When you got panicky, did you feel as if you weren’t real?*

*Did you feel like you were acting your life instead of being natural?*

*Did you feel that you were outside your body looking at yourself from outside your body?*

*When did this start?*

**FEAR OF LOSS OF CONTROL DURING PANIC ATTACK**
Subject feels as though “going crazy” or is afraid of losing control over body or mind (e.g. urinating in public, falling down, creating a “scene”).

*When you got panicky, did you feel like you were going crazy?*

*Did you feel as though you were losing control of your body or your mind?*

*Were you afraid of what you might do?*

*Did you feel as though you might fall down or create a “scene”?*

*When did this start?*
Definitions and questions

FEAR OF DYING DURING PANIC ATTACK
Subject feels as though s/he might die, or is afraid that s/he might die.

*When you got panicky, were you afraid that you might die?*

*When did this start?*

CONCERN ABOUT ADDITIONAL PANIC ATTACKS
Concern, worry, or anxious affect related to the possibility that another panic attack may occur.

*Are you worried about having another “panic attack”?*

*Does it bother you much?*

*When did this start?*

CHANGE IN BEHAVIOR
Any change in usual behavior or routines, intended to avoid the possibility of a panic attack recurrence. Or changes in behavior or routine to avoid potential embarrassment or humiliation that the subject fears might result from a panic attack.

*Have you done anything to avoid having anymore “panic attacks”?*

*Does that affect your life much?*

*When did this start?*

Coding rules

FOR REVIEW ONLY
SLEEP PROBLEMS

INSOMNIA
Disturbance of usual sleep pattern involving a reduction in actual sleep time during the subject’s sleep period that is accompanied by a subjective feeling of a need for more sleep. Do NOT include externally imposed changes in overall sleep pattern (e.g., change in job hours, arrival of new baby), or insomnia during first 2 weeks following such changes. Sleep problems are scored irrespective of taking medication for them, but note whether medication is being taken. Also include changes attributed to side effects of medication or substance use.

Is it hard for you to fall asleep when you want to?
Once you’re off to sleep, do you wake up again during the night?
Do you wake up early in the morning and can’t go back to sleep?

IF YES TO ANY QUESTION, CONTINUE:

What time do you usually go to bed?
How long does it take you to fall asleep?
In the last 3 months, has it taken you an hour or more to get to sleep?
If you wake up at night, how long does it take you to get back to sleep?
Why do you wake up?
EXCLUDE WAKING UP TO USE BATHROOM.
Do you wake up early in the morning and can’t go back to sleep?
How long are you wake?
What time are you supposed to wake up?

How many nights do you have trouble sleeping in the last 3 months?

When did you first start having sleep problems?

Definitions and questions

MEDICATION FOR INSOMNIA
Note here any medication (prescription or over the counter) specifically used in an attempt to improve sleep pattern. Note name of drug. Code prescriptions in Incapacities section.

Do you take anything to help you sleep?
What?
Does it work?

HYPERSOMNIA - INCREASED NEED FOR SLEEP
Total hours sleep exceed usual amount by at least one hour, unless subject prevented from sleeping.

Do you feel sleepy during the day?
Do you actually drop off to sleep in the day?
Have you been more sleepy than usual?
More sleepy than most other kids?
What were you doing at the time you were sleepy?
Could you keep yourself awake if you had to?
Always or just sometimes?

How often do you feel sleepy like that?
How long are you sleepy like that?
When did you start feeling more sleepy than usual?

RESTLESS SLEEP
Sleep is described as restless.

How would you describe your average night’s sleep?
Do you sleep soundly?
Do you toss and turn?
Are you restless?
When did your sleep become restless?

Coding rules

MEDICATION FOR INSOMNIA
0 = Absent

FOR REVIEW ONLY
Definitions and questions

**NIGHTMARES**

Frightening dreams that waken the child with a markedly unpleasant affect on wakening (which may be followed rapidly by feelings of relief).

If Nightmares are associated with Separation Anxiety, code them more specifically as Separation Dreams in Separation Section.

If Nightmares are associated with Traumatic Events and meet criteria for codings, code them here and the PTSD section also.

_Do you have any bad dreams or nightmares?_

Do they wake you up?
What are they about?
What are they like?

_In the last 3 months, how often has this happened?_

_When did the nightmares start?_

**TIREDNESS**

A feeling of being tired or weary at least half the time.

_Have you been feeling especially tired or weary?_

How much of the time have you felt tired like that?
Do you feel tired like that for at least half the time?

_When did you begin to feel tired or weary?_

**FATIGABILITY**

Child becomes tired or "worn out" more easily than usual.

_Have you become tired or "worn out" more easily than usual?_

_Do you feel exhausted even by things that would have been no problem before?_

When you get tired like that, does it take a long time to get over it?
Is that more than usual for you?

_How long have you felt that way?_

Coding rules

**NIGHTMARES**

0 = Absent
2 = Bad dreams have woken the subject on at least 3 occasions in the last 3 months.

**TIREDNESS**

0 = Absent
2 = Feels tired at least half of the time.
3 = Feels tired almost all of the time.

**FATIGABILITY**

0 = Absent
2 = Increased fatigability not meeting criteria for 3.
3 = Even minimal physical activity rapidly results in subject feeling exhausted, and recovery from that exhaustion is slow.
Definitions and questions

**DEPRESSED AFFECT**

**DEPRESSED MOOD**

Includes feeling unhappy, miserable, blue, low spirited, being down in the dumps or dejected; daily total duration of at least 1 hour.

Distinguish from other unpleasant affects e.g. Nervous Tension or Anxiety, Apathy and Anhedonia. It is also important to make sure that it is the mood itself that is being rated and not its "expected" concomitants (such as apathy, self-deprecation or crying). Items such as these are rated separately. If they are used as evidence of depression as well, spurious relationships will be generated by the interviewer.

**Have you been feeling "down" at all?**

**Have you been feeling down in the dumps, unhappy, or depressed?**

**Have you been acting very unhappy or sad?**

**Have you been crying because of the way you have been feeling?**

What made you feel "miserable"?
If I had seen you then would I have been able to tell?
Can you do anything to cheer yourself up?
Can anyone do anything to cheer you up?
How often are you "down" like that at home?
How often are you "down" like that at school?
How often are you "down" like that at elsewhere?

Note: If child is depressed all day every day, code frequency as 90 times for each setting of home, school, and elsewhere.

When you feel "miserable," how long does it last?
When did you start to feel down like that?

IF DEPRESSED MOOD PRESENT, ASK;

Was there a week when you felt "miserable" most days?
Were there two weeks when you were "miserable" on at least 8 days?

IF DEPRESSED MOOD PRESENT, ASK;

Has there been a period of at least 2 consecutive months in the last year when you didn’t feel like that?

**Coding rules**

IF DEPRESSED MOOD IS PRESENT, CONTINUE. OTHERWISE, SKIP TO "REPORTED TEARFULNESS AND CRYING", (PAGE 4).
SUBJECTIVE AGITATION
Markedly changed motor activity associated with depressed mood. Account of a severe level of inappropriate, unpleasant motor restlessness during a period of dysphoric mood, indicated by pacing, wringing of hands, or similar activities; daily total duration of at least 1 hour.

DO NOT INCLUDE SIMPLE RESTLESSNESS OR FIDGETINESS IN THE ABSENCE OF MOOD CHANGE.

Do you get very restless when you're "miserable?"
Do you have difficulty keeping still when depressed?
Do you wander about without seeming to have a purpose when you're depressed?

Can you calm down?
What were you doing at the time?
Could you stop yourself from feeling this way?
Can you always stop feeling this way?
Or just sometimes?

In the last 3 months, how often has this happened?

How long does it last?
Any times in the last 3 months it's lasted for as long as an 1 hour a day?
When did the "agitation" start?

Coding rules

AGITATION
0 = Absent
2 = Agitation is present in at least 2 activities and cannot be entirely controlled, but sometimes the subject can inhibit his/her agitation with effort.
3 = Agitation almost entirely uncontrollable.

Definitions and questions

REPORTED TEARFULNESS AND CRYING
Eyes filling with tears or actual shedding of tears as a response to an internal state of unhappiness or misery.

Do not rate crying precipitated by usual precipitants (such as sad situations or anger or being spanked or disciplined).

Do you feel so "miserable" that you want to cry?

Do you actually cry?

Even when it seems that nothing has happened to warrant crying?
What were you doing at the time?
Can you stop yourself?
Always or just sometimes?

How often do you cry like this?
How long does it last?
When did you start being tearful?

Coding rules

REPORTED TEARFULNESS AND CRYING
0 = Absent
2 = When feeling miserable, the eyes fill with tears, or shed tears, at least sometimes uncontrollably, in at least 2 activities.
3 = When feeling miserable, the eyes nearly always uncontrollably fill with, or shed, tears in most activities.

TOUCHY OR EASILY ANNOYED

The child is generally more prone to FEELINGS of anger bad temper, short temper, resentment, sulking or annoyance, under minor provocation than most children. This pattern need not represent a change in behavior.

The behavior occurs with at least one individual who is NOT a sibling.

Do things get on your nerves easily?
What sorts of things?
Do you get annoyed more easily than most children?
What do you do?
How often does this happen at home?
How often does this happen at school?
How often does this happen elsewhere?

How long do these feelings last?

When was the first time this happened?

Does this happen with sibling(s)?

Does this happen with peers?

Does this happen with adults?

**IRRITABILITY**

Increased ease of precipitation of externally directed feelings of anger, bad temper, short temper, resentment, or annoyance; daily total duration of at least 1 hour. (Change may predate the primary period and continue into at least part of the primary period.)

Note that this rating is of a change in the child’s usual liability to be precipitated into anger, it does not refer to the form of the anger once it has been precipitated.

N.B.: The irritable mood itself is being rated, not just its manifestations; thus, frequency and duration ratings refer to the number and length of episodes of the mood, not of the episodes of snappiness, shouting or quarrelsomeness.

**Have you been more irritable than usual in the last 3 months?**

**Or made angry more easily?**

**Have you had more tantrums than usual in the last 3 months?**

What have you been "touchy" about?
Is that more than usual?
What do you do when you feel like that?
Have you been snappy with people in the family?
Have you gotten into arguments or fights lately?
Have you hit or broken anything when you’re angry?
What were you doing at the time of this irritable mood?
Could you stop yourself from feeling this way?
Always or just sometimes?
How often does that happen at home?
How often does that happen at school?
How often does that happen elsewhere?

How long does it last when you feel like that?
Any times in the last 3 months that it's lasted as long as 1 hour in a day?

When did you start to get "irritable" like that?

IF IRRITABILITY PRESENT, ASK;

Was there a week when you felt "irritable" most days?
Were there two weeks when you were "irritable" on at least 8 days?

IF IRRITABILITY PRESENT, ASK;

Has there been a period of at least 2 consecutive months in the last year when you didn’t feel like that?

### Coding rules

Depression

I-7
**Definitions and questions**

**LOSS OF AFFECT**

Complaint of loss of a previously existing ability to feel or experience emotion.

*Have you felt that you didn't have any feelings (emotions) left?*

*Or that you have lost your feelings?*

*Can you feel any emotions?*

*What were you doing at the time?*

*Can you stop yourself from feeling this way?*

*Always or just sometimes?*

*When was the first time this happened?*

**CONATIVE PROBLEMS**

**BOREDOM**

Activities the child is actually engaged in are felt to be dull and lacking in interest while interest in other possible potential activities is expressed.

Everyone gets bored sometimes, so code a child positively here only if s/he is more often bored than not. Code positive even if the activities are truly dull. It must seem to the child that other potential activities would be of interest even if s/he is uncertain what those other activities might be.

Differentiate from anhedonia and loss of interest, where nothing seems to be of potential interest or likely to give pleasure.

*Code even if the activities described are truly boring in your opinion.*

*How much of the time are you bored?*

*Do you get bored more than other people?*

IF PRESENT ASK;

*What activities are boring to you?*

*Can you do anything to stop from being bored?*

*Is there something that you would like to be doing?*

*How long have you been feeling so bored?*
Definitions and questions

**LOSS OF INTEREST**

Diminution of the child's interest in usual pursuits and activities. Either some interests have been dropped or the intensity of interest has decreased. Everyone has interests of some sort, but the extent of the diminution must be measured in the context of the range and depth of the child's usual activities. Take into account everyday school and home activities as well as watching TV, playing games, taking an interest in clothes, food, appearance, toys, etc. Inevitably, those with more intense and varied interests initially will have more room to lose interest than those who have never taken a great interest in things.

Distinguish from "growing out" of activities or giving up certain activities to take up new ones or because of increased pressure of work.

*Have things been interesting you as much as usual?*

*Have you noticed that you not interested in doing things that you used to care a lot about?*

*Have you lost interest in anything?*

IF PRESENT ASK;

*What kinds of things have you lost interest in?*

*Can you get yourself interested in anything?*

*Can anybody?*

*When did you start to lose interest in things?*

---

CDB1O01

Onset

/ /
**ANHEDONIA**

A partial or complete loss or diminution of the ability to experience pleasure, enjoy things, or have fun. It also refers to basic pleasures like those resulting from eating favorite foods.

Anhedonia concerns the mood state itself. Loss of Interest or loss of the ability to concentrate on looking at books, games, TV or school may accompany Anhedonia, so the interviewer may code different aspects under different items. Do not confuse this item with a lack of opportunity to do things or to excessive parental restriction.

DISTINGUISH FROM BOREDOM AND LOSS OF INTEREST OR LACK OF OPPORTUNITIES FOR PARTICIPATION.

*Can you have fun or enjoy yourself?*

*Are there things you used to enjoy but don’t anymore?*

*Like playing with certain toys?*
*Or doing certain things with others?*
*Do you seem to have lost enthusiasm for things that you used to enjoy?*

*When did you start to feel like that?*
SUBJECTIVE ANERGIA

The child is markedly lacking in energy compared with usual state. The child is described as being easily fatigued and/or excessively tired. This is a general rating of child’s overall energy level.

DIFFERENTIATE FROM MOTOR SLOWING, INSOMNIA, HYPERSOMNIA, AND FATIGABILITY ALTHOUGH YOU MAY DOUBLE CODE IF CRITERIA FOR MORE THAN ONE ARE MET.

Do you have as much energy as you used to have?

Have you been as energetic as usual?

Have you been complaining of a lack of energy?

Have you lost any of your usual energy?

Have you been taking naps more often than usual or going to sleep earlier than you used to?

Do you have enough energy to do things?

Do you choose not to do things because you haven’t got enough energy?

When did you start feeling less energetic?

SUBJECTIVE MOTOR SLOWING

The child is slowed down in movement and speech compared with his/her usual condition; daily total duration of at least 1 hour.

Have you been moving more slowly than you used to?

Do you do things more slowly than you used to?

Or talk more slowly?

Can you give me an example?

What are you doing at the time that you’re moving slowly?

Can you do anything to speed yourself up?

Does it help you speed up?

Always or just sometimes?

In the last 3 months, how often has this happened?

How long does it last?

When did you start to feel slowed down?
Definitions and questions

SUBJECTIVE COMPLAINTS ABOUT THINKING

INEFFICIENT THINKING
Unpleasant difficulty with thinking clearly or efficiently, or concentrating, even about simple matters; daily total duration of at least 1 hour.

**Do your thoughts get muddled or confused easily?**

**Do you have difficulty concentrating?**

**Can you think clearly if you need to?**

Does it cause you any trouble?
Is there any interference with your thoughts?

When did you start to have trouble with your thinking?

---

INDECISIVENESS
Unpleasant difficulty in reaching decisions, even about simple matters. This is a general rating of child's ability to make decisions.

**Are you good at making decisions or making up your mind?**

**Have you had any trouble making decisions?**

What happens when you have to make up his/her mind?
What things do you have difficulty deciding?
Do you have trouble deciding on things at home?
How about school?
Is it really difficult for you to make up your mind at the store?

When was the first time this happened?

---

Definitions and questions

**DEPRESSIVE THOUGHTS**

*In the definitions in this section the term "feeling" is frequently used, despite the fact that cognitions are being referred to. For most people, the term "feeling" carries both cognitive and affective components. However, these items refer not to mood states per se, but to certain cognitions, thoughts, opinions or attitudes. In other words, it is the content of the thought that is to be coded, not its affective tone.*

**LONELINESS**

A feeling of being alone and/or friendless, regardless of the justification for the feeling; daily total duration of at least 1 hour.

Adult contacts and peer friendships should be considered. Differentiate from feeling unloved. A child may be lonely but still acknowledge being loved and vice versa.

**Do you feel lonely?**

*Sometimes children feel that they have no one who would help them. Do you ever feel like that?*

Do you feel lonely even though you have some friends?
Do you feel left out by others?
Do you get left out of other children's activities?
What are you doing when you feel lonely?
Can you stop yourself from feeling lonely?
Always or just sometimes?

When did you start to feel lonely like that?

---

**Coding rules**

**LONELINESS**

0 = Absent
2 = The subject definitely feels intrusively and uncontrollably lonely, in at least 2 activities.
3 = S/he feels lonely almost all the time.

**Codes**

</tbody>
</table>
FEELS UNLOVED
A generalized feeling of being unloved and uncared for, regardless of the justification for that feeling.

DIFFERENTIATE FROM LONELINESS.

Sometimes children feel that no one loves them, even when they do. Do you feel like that at all?

What about your parents; do you think they love you? Do you feel loved less than other people?

Have you always felt like that?

When did you start to feel like that?

SELF-DEPRECIATION AND SELF-HATRED
An unjustified feeling of inferiority to others (including unjustified feelings of ugliness). Self-hatred involves severe hostility directed by the child against him/herself, accompanied by expressed dislike or expressed criticism.

Do not rate delusional phenomena here.

How do you feel about yourself?

Do you like yourself?

If you had to choose, would you say you were good-looking, average, or ugly?

As a person do you feel as good as other people?

Do you ever say that you're "stupid"?

Or a "bad" person?
Do you feel that you're good at certain things?
What things do you do that you're proud of?
Is there anything that you think you're good at?
Do you think you're any good at all?
Do you think everyone is better than you?

When did you start to feel like this?
Definitions and questions

FEELING SORRY FOR ONESELF
A feeling that life or people have been unfairly unpleasant or troubling and that the child deserves better. Child feels unlucky, victim of "bad luck".

Code regardless of justification.

Do you feel sorry for yourself?
Do you think you're unlucky?
Do you feel that you deserve a better life?
In what way?
Do you feel like that all the time or only some of the time?
Do you think everything is unfair or just some things?
Do you feel it will always be like that?
When did you start to feel like that?

PATHOLOGICAL GUILT
Excessive self-blame for minor or non-existent wrongdoings. Child realizes that guilt is exaggerated; if not code as Delusions of Guilt.

Do you feel bad or guilty about anything that you've done?
What?
Do you ever say that you're a "bad" person?
Do you blame yourself for things that aren't your fault?
Do you feel that you deserve to have bad things happen to you?
Do you think you deserve to be punished, even when you've done nothing wrong?
Do you ever feel guilty about things that you know aren't really your fault?
Do you feel that a lot of things that go wrong are your fault?
When did you start to feel that you were "to blame"?

IF PATHOLOGICAL GUILT IS PRESENT, CONTINUE. OTHERWISE, SKIP TO "IDEAS OF REFERENCE", (PAGE 17).

Coding rules

FEELING SORRY FOR ONESELF
0 = Absent
2 = The subject feels sorry for him/herself but thinks that some aspects of life have not been unfairly troubling or unpleasant.
3 = The subject thinks that nothing has occurred according to his/her just desserts, and feels sorry for him/herself in nearly all situations.

PATHOLOGICAL GUILT
0 = Absent
2 = At least partially unmodifiable excessive self-blame not generalized to all negative events.
3 = The child generalizes the feeling of self-blame to almost anything that goes wrong in his/her environment.
**DELUSIONS OF GUILT**

Delusional self-blame for minor or non-existent wrongdoings. Child DOES NOT realize that guilt is exaggerated.

The child may believe that s/he has brought ruin to his/her family by being in his/her present condition or that his/her symptoms are a punishment for not doing better. Distinguish from pathological guilt without delusional elaboration, in which the child is in general aware that the guilt originates within him/herself and is exaggerated.

*Do you believe that you have committed a crime?*

*Do you believe that you have sinned greatly?*

*Do you think that you deserve to be punished?*

*Do you think that you might hurt or ruin other people?*

*Are you convinced that these things are your fault?*

*When was the first time this happened?*

---

**Coding rules**

**DELUSIONS OF GUILT**

0 = Absent

2 = The subject has a delusional conviction of having done wrong but there is a fluctuating awareness that his/her feelings are an exaggeration of normal guilt.

3 = The subject has an unmodifiable delusional conviction that s/he has sinned greatly, etc.
IDEAS OF REFERENCE

Subjective feeling of being noticed or commented about in public settings that are not justified by reality. Comments seem to be mocking, critical, or blaming. Do not include situations in which the description offers evidence that subject actually was being noticed or commented upon.

If Ideas of Reference are present, consider whether there are delusions.

Sometimes people get the feeling that other people are looking at them even when they know they aren’t really. Does that happen to you?

Do you ever feel that people are talking about you?

Do you ever feel they might be laughing at you or saying rude things about you?

Do people follow you or watch you?

Are people blaming you for something?

Are people accusing you of something?

What do you think people think or say when you feel that they’re noticing you?

What do you think they are saying?

Do you think they really are or are you just being sensitive?

How do you know they are?

Are you imagining it?

In the last 3 months, how often has this happened?

How long do you feel this way?

When did this start?
HELPLESSNESS
The child feels that there is little or nothing s/he can do to improve his/her situation or psychological state, though such a change would be welcome. This is a generalized feeling.

Is there anything about the way things are or the way you are that you would like to change?
Do you feel helpless about your situation?

IF PRESENT ASK;
Is there anything you could do to make things better?
Or make yourself feel better?
What?
Do you think it would work?
When did you start to feel this way?

HOPELESSNESS
The child has a bleak, negative, pessimistic view of the future, and little hope that his/her situation will improve. This is a generalized feeling.

Do you feel hopeless about the future?
Do you think things will get better or worse for you when you’re grown up?

Do you think anyone can help you?
Do you believe things will get better?
Can you do anything about it?
How often do you feel like this?
When did you start to feel this way?

HELPLESSNESS
0 = Absent
2 = The subject feels helpless and cannot always modify his/her feelings, but can report expectations of being able to help him/herself.
3 = The subject expresses almost no hope of being able to help him/herself.

HOPELESSNESS
0 = Absent
2 = The subject feels hopeless and cannot always modify his/her feelings, but can report some positive expectations of the future.
3 = The subject expresses almost no hope for the future at all.
SUICIDE

Purposes of the Section

This section has 1 major function:

(1) To assess the suicidal and self-injurious intentions and actions of the child.

Organization of the Section

SUICIDE AND SELF-INJURIOUS BEHAVIOR: EVER

Have you EVER thought about death or dying?

Have you EVER said you wanted to die?

Have you EVER said life was not worth living?

Have you EVER done anything that made people think you wanted to die?

Have you EVER tried to hurt or kill yourself?

IF YES TO ANY QUESTION, CODE AS PRESENT.

Have you thought about death or dying in the last 3 months?

IF 3 MONTH SUICIDE SCREEN PRESENT, CONTINUE. OTHERWISE "SUICIDAL ATTEMPTS: EVER", (PAGE 23 ).

SUICIDE SCREEN: EVER

0 = Absent
2 = Present

SUICIDE SCREEN: 3 MONTHS

0 = No
2 = Yes
THINKING ABOUT DEATH

Thoughts about death and dying, whether referred to self or others.

Include thoughts about not being able to go on any longer and life not being worth living. Include discussion about a grandparent who has died ("Do they go to heaven?" "What will happen when I die?"). To code, thoughts must be intrusive into at least two activities.

CODE THOUGHTS ABOUT TAKING ONE’S OWN LIFE UNDER SUICIDAL THOUGHTS (NEXT PAGE).

Do you think a lot about death or dying?
Do you think a lot about other people who have died?

Like grandparents or other relatives?

Do you sometimes wish that you were dead?

Do you want to die?
What do you think about?
What are you doing when you're thinking about death or dying?
Can you stop yourself from thinking about death or dying?
Always or just sometimes?

How often do you think about death or dying?

How long have you been thinking like that?

Coding rules

THINKING ABOUT DEATH

0 = Absent

2 = Present but not including thoughts about wanting to die. The thoughts should be intrusive into at least 2 activities and at least sometimes uncontrollable.

3 = Including thoughts about wanting to die. The thoughts should be intrusive into at least 2 activities and at least sometimes uncontrollable.
**SUICIDAL THOUGHTS**

Thoughts specifically about killing oneself, by whatever means, with some intention to carry them out.

This may accompany thinking about death in general, or may be present if a child has reported a suicidal plan or past attempt.

Do not include suicidal plans.

*In the last 3 months, have you thought about killing yourself?*

**Do you think about ending it all?**

What do you think about?
Do you think you're actually going to do this?
What are you doing when you're thinking about it?
Can you stop yourself from thinking about ending it all?
Always or just sometimes?

*In the last 3 months, how often has this happened?*

*When was the first time this happened?*

---

**IF SUICIDAL THOUGHTS PRESENT, CONTINUE. OTHERWISE, SKIP TO "SUICIDAL ATTEMPTS: EVER", (PAGE 23).**
SUICIDAL PLANS
Suicidal thoughts that contain plans of a suicidal act and some intent to carry them out.

If suicidal attempt has been made, determine whether a plan was present prior to the attempt.

In the last 3 months, have you thought about actually killing yourself?

Have you thought about a plan?

Like what?

Have you recently done anything to prepare for killing yourself?

Like storing up pills to take?

Have you thought about running into traffic?

Do you think you might do any of these things?

How many times has this happened?

When was the first time you came up with a plan?

SUICIDAL PLANS
0 = Absent

2 = A specific plan, considered on more than 1 occasion, over which no action was taken.

3 = A specific plan, considered on more than 1 occasion, with preparatory action taken, for example storing up pills.
SUICIDAL ATTEMPTS: EVER
Episodes of deliberately self-harmful behavior involving some intention to die at the time of the attempt. Rate here, no matter how unlikely the attempt was to cause death, so long as the child's intention was to die.

Have you EVER actually tried to kill yourself?
Did you really want to die?
What happened?
Where did you do it?
Were there any people around at the time?
Who found you?
Did you go to the hospital?

When did you first try to kill yourself?
When did you last try to kill yourself?
How many times have you EVER tried?

Have you tried to kill yourself in the last 3 months?
Do you still wish you were dead?
Would you do it again if you had the chance?
Is there anything you can do to change the way you feel?

In the last 3 months, how often have you tried to kill yourself?

SUICIDAL BEHAVIOR: EVER
0 = No
2 = Yes

DATE OF FIRST ATTEMPT

DATE OF LAST ATTEMPT

SUICIDAL BEHAVIOR: 3 MONTHS
0 = No
2 = Yes

NUMBER OF SUICIDE ATTEMPT IN LAST 3 MONTHS
OPPOSITIONAL/CONDUCT DISORDER SECTION

OPPOSITIONAL BEHAVIOR

REMEMBER TO GET EXAMPLES AND BEHAVIORAL DESCRIPTIONS

RULE BREAKING
Violation of standing rules.

Do not include breaking laws or violating parole.

How good are you at obeying the rules?
Do you break the rules at home?
Like no food in your bedroom?
Or no TV until your homework is done?
Do you break the rules at school?
Like talking in class?
Or the dress code at school?
Do the teachers say you're a troublemaker?
Do you break the rules anywhere else like grandma’s house or the grocery store?
What sort of rules do you break?
Do you get into trouble?
What happens when you're asked to stop?
Do you just ignore them?
Or dispute or challenge them?
How often do you break rules at home?
How often do you break rules at school?
How often do you break rules elsewhere, like grandma’s house or the store?
When did you start breaking rules?

Do you do it on your own or with other people?
How much of the time are you with someone else?

RULE BREAKING
0 = Absent
2 = The child breaks rules relating to at least 2 activities and at least sometimes responds to admonition by public failure to comply.
3 = Rule breaking occurs in most activities and the child sometimes responds to admonition by disputing or challenging the authority of the person admonishing him/her

3 = Accompanied 50% or more of the time.
**DISOBEDIENCE**

Failure to carry out specific instructions when directly given.

*What happens when you’re told to do things by your parents and you don’t want to do them?*

*Are you disobedient to your parents?*

*Are you disobedient to school teachers?*

*Are you disobedient in other places such as the supermarket or the mall?*

Do you ignore them when they give you instructions?  
What happened?  
Do you end up doing it in the end?

How often are you disobedient at home in the last 3 months?

How often are you disobedient at school?

How often are you disobedient at other places?

When was the first time you were disobedient?

Do you do it on your own or with other people?  
How much of the time are you with someone else?

---

**Coding rules**

**DISOBEDIENCE**

0 = Absent

2 = Disobedience occurs in at least 2 activities and child is at least sometimes unresponsive to admonition.

3 = Disobedience occurs in most activities, and the child sometimes responds to admonition by disputing or challenging the authority of the person admonishing him/her.

### BREAKING CURFEW

Staying out late despite parental prohibitions. Do not include accidental lateness caused by circumstances over which the subject had little or no control.

Do not include breaking curfew imposed by probation/parole, which is coded as probation/parole violation.

**Do you have a curfew?**

How good are you at keeping it?

**Do you get in later than you’re supposed to?**

Do you break your curfew on purpose?

What happens then?

Do you get into trouble over it?

In the last 3 months, how often has this happened?

When did you start staying out late?

---

/ /
ANNOYING BEHAVIOR

Indulgence in active behaviors that annoy or anger peers, siblings, and/or adults. The annoying behavior occurs with at least one individual who is NOT a sibling. The child’s intention need not be to annoy, but the behaviors would obviously annoy their recipient.

Do not include annoying behaviors that are the result of unintentional acts, for instance, annoyance caused by clumsiness, or failure to understand the rules of games.

Do not include behaviors that conform to the definitions of Rule Breaking and Disobedience.

Do you find that other people get annoyed by things you do?

Do you do things deliberately to annoy other people?

Like what?

Do you find that other people get annoyed because of the things you do for fun?

Can you tell me about the last time?

Will you stop when asked to stop?

Always or just sometimes?

How often does this happen at home?

How often does this happen at school?

How often does this happen elsewhere?

When was the first time this happened?

Does this happen with sibling(s)?

Does this happen with peers?

Does this happen with adults?

Do you do it on your own or with other people?

How much of the time are you with someone else?

Coding rules

ANNOYING BEHAVIOR

0 = Absent

2 = Annoying behavior occurs in at least 2 activities and subject is at least sometimes unresponsive to admonition.

3 = Annoying behavior occurs in most activities and the subject sometimes responds to admonition by disputing or challenging the authority of the person admonishing him/her.

Definitions and questions

SPITEFUL OR VINDICTIVE

Spiteful: The child engages in deliberate actions aimed at causing distress to another person.

Vindictive: The child responds to failure to get his/her own way, disappointment, or interpersonal disagreement with adults or peers with deliberate attempts to hurt the other or gain revenge. For instance, by pinching, pushing or attempting to get the other person into trouble.

The behavior occurs with at least one individual who is NOT a sibling.

Do not include behaviors coded under Assault, Cruelty, Bullying, or Lying.

Do you do things to upset other people on purpose?
Or try to hurt them on purpose?
Do you try to get other people into trouble on purpose?
Do you try to "get back at" or "get even" with others?

What do you do?

How often does this happen at home?
How often does this happen at school?
How often does this happen elsewhere?

When did you start doing that sort of thing?

Does this happen with sibling(s)?
Does this happen with peers?
Does this happen with adults?

**Definitions and questions**

**SWEARING**

The use of swear words or obscene language not approved or countenanced by adults in whose presence they are spoken.

Do not include swearing among peers when adults are not present, or with adults who are tolerant of swearing (i.e., do not object to their child's swearing).

**Do you swear or curse when adults are around?**

Do you stop when asked to stop?
Always or just sometimes?
How often does this happen at home?
How often does this happen at school?
How often does this happen elsewhere?

CODE NUMBER OF EPISODES NOT NUMBER OF CURSE WORDS.

When did you start swearing in front of adults?

**Coding rules**

**SWEARING**

0 = Absent
2 = Swears in presence of adults but usually (>50% of time) stops when admonished.
3 = Swearing in the presence of adults that is not controlled by admonition.

STEALING

STEALING: EVER
Taking something belonging to another with the intention of depriving the owner of its use.

Do not include items intended eventually for general distribution that will include the subject such as general food from the refrigerator or school eraser.

Have you EVER stolen anything?
What is the most you have EVER stolen at one time?
How much is that worth?
How many times have you EVER stolen something?

IF EVER STOLEN, CONTINUE.
OTHERWISE SKIP TO LYING (PAGE 16).
Definitions and questions

**STEALING AT HOME OR FROM FAMILY**

Taking something belonging to another with the intention of depriving the owner of its use.

Do not include items intended eventually for general distribution that will include the subject such as general food from the refrigerator.

*In the last 3 months, have you stolen anything at home or from family?*

What did you steal?
DO NOT INCLUDE GENERAL USE ITEMS SUCH AS FOOD FROM THE REFRIGERATOR.

Who did you steal it from?
Did you “single” that person out to steal from?

*In the last 3 months, how often have you stolen anything from home or family?*

When was the first time you stole anything from home or family?

Patterns of Stealing

Code one or more of the following scenarios: Stealing alone; stealing with one other person; stealing in a group.

Shoplifting- Stealing, alone or in company, from a shop that is open for business. The act is covert and does not involve confrontation with the shop staff or members of the public. Detection may provoke a confrontation, but the intention is to avoid it.

Code as present and continue.

Were you by yourself when you stole?

Were you with someone else when you stole?

How many others were with you when you stole?

Were you with a group of people when you stole?

Have you shoplifted from a store in the last 3 months?

Breaking and Entering: Ever

Breaking and entering: Includes breaking into a house, building, or store to steal. Code breaking into a car separately.

Have you ever broken into anywhere?

How many times have you ever broken into anywhere?

When was the first time you ever broke into anywhere?

In the last 3 months, have you broken into anywhere?

Breaking and Entering: 3 Months

0 = Absent
2 = Present

CGB0101 Intensity

FOR REVIEW ONLY
**Breaking into a Car: Ever**

Breaking into a car to steal.

*Have you EVER broken into a car to steal something?*

How many times have you EVER broken into a car to steal something?

When was the first time you EVER broke into a car to steal?

*In the last 3 months, have you broken into a car to steal?*

**Stealing Motor Vehicle or Taking and Driving Away: Ever**

Includes attempts to steal a motor vehicle; also occasions when subject takes and drives away a car/motorcycle, even if s/he does not intend to steal it but rather to use it for his/her own purposes in an unauthorized way (e.g. joy rides).

*Have you EVER stolen a car or motor-bike?*

*Have you EVER taken a car or motorcycle to use without permission?*

How many times have you EVER stolen a motor vehicle or took one and drove away?

When was the first time you stole a car or took and drove it away without permission?

*In the last 3 months, have you taken a car or motor-bike?*

*Have you taken a car or motorcycle to use without permission?*
STEALING INVOLVING CONFRONTATION OF THE VICTIM BUT WITHOUT ACTUAL VIOLENCE: EVER

The victim is directly confronted and money or goods are demanded, threats may be made directly or implicitly (e.g. by the presence of a weapon), but no actual violence is done.

**Have you EVER threatened anyone to make them give him/her something?**

What happened?

**How many times have you EVER threatened anyone to make them give him/her something?**

**In the last 3 months, have you threatened anyone to make them give you something?**

STEALING INVOLVING ACTUAL VIOLENCE: EVER

The victim is directly confronted or set upon in some way and some violent action actually takes place. For instance, the victim might be kicked or punched.

**Have you EVER mugged anyone?**

Did you hurt them?

What happened?

**How many times have you EVER mugged someone?**

**When was the first time?**

**In the last 3 months, have you mugged anyone?**

Did you hurt them?
Definitions and questions

**STEALING INVOLVING VIOLENCE RESULTING IN SERIOUS INJURY: EVER**

As a result of violence committed during stealing, the victim sustained broken limbs, or required hospitalization, or was unconscious for any period.

*Have you EVER mugged anyone and caused serious injury?*

*How often have you EVER mugged someone and caused serious injury?*

*When was the first time you seriously injured someone in a mugging situation?*

*In the last 3 months, have you mugged anyone and caused serious injury?*

**USE OF WEAPON: EVER**

Use of any item that could be used to threaten or intimidate a victim. Include carrying a weapon even if it is concealed and not used.

*Have you EVER carried a weapon when you stole anything?*

What?
Did you use it?

*How many times have you EVER carried a weapon when you stole something?*

When was the first time you carried a weapon to steal?

*In the last 3 months, have you carried a weapon when you stole anything?*

What?
Did you use it?

DECEPTION

LYING
Distortion of the truth with intent to deceive others.

Have you told any lies in the last 3 months?
Like what?
Do you tell lies to get out of things you don't want to do?
Do you lie when you're caught doing something wrong?
Do you lie to get out of trouble?
When something goes wrong that's your fault, do you admit it?
Can you give me some examples?
How often do you lie at home?
How often do you lie at school?
How often do you lie elsewhere?
When was the first time this happened?
Do you lie on your own or with other people?
How much of the time are you with someone else when you lie?

LYING
0 = Absent
2 = Lies told for gain or to get out of school attendance etc., or to escape school punishment in at least 2 activities that do not result in others getting into trouble.

Definitions and questions

MINOR FORGERY: EVER
Deliberate non-illegal imitation of documents, letters or signatures for the subject's own ends.

Includes getting others to forge documents for the subject's purposes, but do not include illegal acts.

Have you EVER faked sick notes for school?
Or faked your parent's signature on report cards?
How many times have you EVER done that?
When was the first time you did this?

In the last 3 months, have you faked sick notes for school?
Or faked your parent's signature on report cards?
How often have you done this at home?
How often have you done this at school?
How often have you done this elsewhere?

Do you do it on your own or with other people?
How much of the time are you with someone else?

Coding rules

Definitions and questions

**CONDUCT PROBLEMS INVOLVING VIOLENCE**

**LOSING TEMPER**
Discrete episodes of temper manifested by shouting or name calling but without violence and not meeting criteria for a temper tantrum. The behavior occurs with at least one individual who is NOT a sibling.

*What sort of temper have you got?*

*Would you say your temper is hot, medium, or mild?*

*What happens when you lose his/her temper?*

How often do you lose your temper at home?

How often do you lose your temper at school?

How often do you lose your temper at other places like grandma's house or the store?

*When was the first time you lost your temper?*

Does this happen with sibling(s)?

Does this happen with peers?

Does this happen with adults?

FOR REVIEW ONLY
**NON-DESTRUCTIVE TEMPER TANTRUMS**

Discrete episodes of excessive temper, frustration or upset, manifested by shouting, crying, stomping feet, or non-destructive violence directed against property. The behavior occurs with at least one individual who is NOT a sibling.

**What happens when you don’t get what you want or something upsets you?**

**Do you have any temper tantrums?**

IF YES, ASK:

Do you cry or yell?

Do you stomp your feet?

Or slam doors?

Does s/he kick or throw things?

Does s/he drop to the floor, then kick his/her feet up in the air?

Does s/he hit or kick things like a table or wall?

How often does this happen at home?

How often does this happen at school?

How often does this happen elsewhere, like grandma’s house or the store?

How long does it last?

When did this start?

Does this happen with sibling(s)?

Does this happen with peers?

Does this happen with adults?

---

**Coding rules**

**NON-DESTRUCTIVE TEMPER TANTRUMS**

0 = Absent

2 = Excessive temper, upset, shouting, crying, or non-destructive violence directed only against property, (e.g. stomping feet, kicking or throwing objects, hitting walls, etc.).

**HOME**

**SCHOOL**

**ELSEWHERE**

**HOURS : MINUTES**

**OCCURS WITH SIBLING(S)**

0 = No

2 = Yes

**OCCURS WITH PEERS**

0 = No

2 = Yes

**OCCURS WITH ADULTS**

0 = No

2 = Yes
DESTRUCTIVE TEMPER TANTRUMS

Discrete episodes of excessive temper, frustration, or behavioral outbursts manifested by shouting, crying, or stomping feet with destructive violence towards property (e.g. breaking toys or punching/kicking holes in wall/door) or violence against animals, oneself, or other people (e.g. hitting, biting, kicking, head banging). The behavior occurs with at least one individual who is NOT a sibling.

Damage or Violence occurring during Destructive Tantrums done here does NOT constitute Vandalism, Cruelty to Animals, or Assault.

Have you had any destructive temper tantrums in the past YEAR (12 months)?

Do you “break things” when you get angry?

Do you hit or kick others people when you are angry?

IF YES, ASK:

What do you do?

Have you broken toys or other things?

Do you punch or kick holes in the wall/door?

Do you kick or hit animals when you are angry?

Or bite others?

Do you hit or bite yourself?

Do you bang your head?

How often has this happened at home?

How often has this happened at school?

How often has this happened elsewhere?

How long does it last?

When did this first happen?

Does this happen with sibling(s)?

Does this happen with peers?

Does this happen with adults?
Definitions and questions

VANDALISM
Damage to, or destruction of, property without the intention of gain.

Do not include writing on school desks.

Damage or Violence occurring during Destructive Tantrums does NOT constitute Vandalism.

Have you damaged or broken or smashed up anything?

Like public property?
Have you damaged school books or school property?

Have you written or spray painted on walls?
What did you do?
Do you know the people whose stuff you “smashed”?
Were the police involved?

How often have you done this at home?
How often have you done this at school?
How often have you done this elsewhere?

Did you vandalize public property, like telephones, streetlights, or walls?

Was it directed at someone you did NOT know?
Was it directed at someone you DID know?

Do you do it on your own or with other people?
How much of the time are you with someone else?

When was the first time this happened?

Coding rules

Definitions and questions

**FIRE SETTING: EVER**

Setting of unsanctioned fires.

Do not include burning individual matches or pieces of paper.

*Do you like playing with fire?*

*Or burning things?*

_Have you EVER started a fire in a place without permission?_

*What happened?*_

_Was there any damage from the fire?*_

_Were the police or fire department called?*

_How many fires have you EVER started?*

_When was the first time you EVER started a fire?_

Coding rules

**FIRE SETTING**

0 = Absent

2 = Deliberate setting of unsanctioned fires, but without intent to cause damage.

3 = Deliberate setting of unsanctioned fires with deliberate intent to cause damage.
**FIRE SETTING: 3 MONTHS**

Setting of unsanctioned fires.

Do not include burning individual matches or pieces of paper.

**In the last 3 months, have you started any fires without permission?**

- Was there any damage from the fire?
- Why did you do it?
- Was the fire(s) directed towards anyone or anything?
- How often have you done this at home?
- How often have you done this at school?
- How often have you done this elsewhere?

- Was the fire(s) directed towards public property, like the woods or public buildings?
- Was the fire(s) directed towards someone you did NOT know?
- Was the fire(s) directed towards someone you DID know?
- Do you start fires with other people or on your own?
  - How much of the time are you with someone else?

**In the last 3 months, when did you start the fire(s)?**
VIOLENCE AGAINST PERSONS

FIGHTS: 3 MONTHS
Physical fights in which both (or all) combatants are actively initiating. Otherwise code as assault.

If subject is a victim of an attack and fights back only to protect him/herself, do not rate here or under Assault.

Have you gotten into any fights in the last 3 months?
Who was it with?
Was it a friendly fight?
Did anyone get hurt?
What is the worst that’s happened in a fight you were in?
Were the police involved?

How often does this happen at home?
How often does this happen at school?
How often does this happen elsewhere?

When was the first time you got in a fight?

Do you fight on your own or with other people?
How much of the time are you with someone else?

FIGHTS
0 = Fights Absent
2 = Fights do not result in any physical injury to either party.
3 = Either combatant has sustained some physical injury as a result (e.g. black eye or cuts).

Definitions and questions

**POLICE CONTACT: EVER**

Any involvement with police resulting from items recorded in Conduct Disorder section or any other behavior or suspected behavior for which a complaint could have been filed.

Do not include simple questioning such as being questioned about something the youth saw.

Do not include speeding tickets, unless they are associated with driving under the influence or reckless driving.

*Have you EVER been involved with the police?*

*Have you EVER been in trouble with the police?*

*When was the first time this EVER happened?*

*In the last 3 months, have you had any contact with the police?*

**IF POLICE CONTACT HAS OCCURRED, COMPLETE DELINQUENCY SECTION. OTHERWISE, SKIP TO "PROBATION/PAROLE: EVER", (PAGE 47).**

### Definitions and questions

**DELIQUENCY**

**ACTION TAKEN BY POLICE: EVER**
Code highest level of police contact EVER.

- **What was the result of the police contact?**
- **Were you questioned by the police, then released?**
- **Were you referred to a juvenile counselor?**
- **Were you charged with a crime?**

**What was the total number of charges against you?**
**When was the first time this EVER happened?**

**CHARGED WITH DWI/DUI: EVER**
Charged with Driving While Intoxicated (DWI) or Driving Under the Influence (DUI) for either alcohol or drugs.

**Have you EVER been charged with DWI or DUI?**

**DRIVING WHILE INTOXICATED OR DRIVING UNDER THE INFLUENCE**

**How many times have you EVER been charged with DWI or DUI?**

**IF CHARGED WITH DWI/DUI: EVER, CONTINUE. OTHERWISE, SKIP TO "PROBATION/PAROLE: EVER", (PAGE 47).**

Definitions and questions

PROBATION/PAROLE: EVER
Child has been placed on probation or paroled.

Have you EVER been placed on probation?
Juvenile or adult probation?
Have you EVER been paroled?

Are you currently on probation or parole?
Juvenile or adult probation?

PROBATION/PAROLE VIOLATIONS: EVER
Violation of the terms of Probation or Parole. Include substance abuse.

Have you EVER violated the terms of his/her probation/parole?
What was the violation?
How many times has that EVER happened?
INCAPACITY SECTION

Review briefly with the subject the areas where problems or symptoms have emerged during the interview. Taking one area at a time, review the areas of symptomatology to determine whether symptoms in that area have caused incapacity. Use this, and information collected throughout the interview, to complete the incapacity ratings. Remember, you need only to ask the specific questions if you have not already collected the information while covering the appropriate symptom section. If incapacity is present, find out when it began. Remember to obtain separate timings for the onset of partial and severe incapacities.

SUMMARY OF RULES FOR RATING INCAPACITY

IMPAIRMENT/INCAPACITY

Two levels of disturbance or impaired functioning are distinguished:

Partial Incapacity; refers to a notable reduction of function in a particular area. If a person is still able to do things, but does them less well, or more slowly, then code as a Partial Incapacity.

Severe Incapacity; refers to a complete, or almost complete, inability to function in a particular area.

With the exception of the lifelong symptoms mentioned below, most incapacities require a decrement or change in functioning. The decrement can predate the primary period but must still be present during the primary period.
**SYMPTOM DEPENDENCE**

For incapacity to be rated it must arise demonstrably from the presence of some particular symptoms or disordered behaviors. For instance, a child who has lost friends because her mother would not allow her to associate with them, would not have that loss of friends rated as an incapacity here. Although, of course, it might have had crippling effects on her social life, it would not count as an incapacity because it was not secondary to any psychopathology of the child. However, it would count if the child was too frightened to leave the house and lost her friends because of it.

The specific area of psychopathology responsible for the secondary incapacity should be noted. It is not enough to record that a child was incapacitated in certain ways and that the child had certain psychopathological problems. The incapacity must be linked to the problems that seem to have generated it. Often this is difficult when children have multiple problems and incapacities, but the attempt should be made nevertheless. However, this does not mean that a particular incapacity has to be assigned to one single problem. It will sometimes be the case that several symptoms of different types will contribute to a particular incapacity. When this is the case, each contributing problem area should be recorded. It follows that if an incapacity is to be seen as being secondary to other symptoms, then those other symptoms must have been present before the onset of that incapacity. They must also have resulted in a fall-off from a previous level of attainment or proficiency if they are to be regarded as having resulted in an incapacity. Thus a child who had previously been able to function well enough in class might show a reduced ability to participate in group activities, because he felt too miserable to do so. This would be regarded as an incapacity secondary to the affective symptoms. On the other if a child had always been unable to participate in group activities and later became depressed, an incapacity, secondary to depression, would be recorded only if his capacity to participate in group activities suffered a further decrement from its already low level. If there had been no further decrement, an incapacity in relation to depression would not be recorded.
**LIFELONG SYMPTOMS/BEHAVIORS**

*In the case of symptoms that have been present throughout life, it will be impossible to show a decrement secondary to the symptoms, because both the symptoms and the putative incapacity will have been present simultaneously. In this situation, provided always that the incapacity can be directly related to the symptoms, it is acceptable to rate it as such. An example might be the social incapacities of a hyperactive child who had always shown such behavior from his earliest years and thus always had disturbed peer relationships.*

**SITUATION NOT ENTERED**

*If the subject has not entered a particular social situation (such as school) during the preceding three months, but there is clear evidence from past experience that incapacity would have been manifested had s/he been in the situation (e.g. discordant peer relationships would have been present) then that incapacity is rated as being present, and its date of onset should be determined. The intensity rating should not be higher than the previously actually occurring highest intensity. Quite often in such a situation, the incapacity will have been contributory to the failure to enter the social situation under consideration.*

The incapacitating effects of the psychopathology do not have to be directly due to the behavior of the child but may be mediated by others. For instance, if a boy were excluded from school for constant fighting and trouble making, that would be counted as an incapacitation of school performance just as much as if the child had failed to attend because of his own anxiety about leaving home.
ONSETS

The rules for dating the onset of incapacities are essentially the same as those for dating symptom onsets. That is, the decision is first made as to whether or not a particular incapacity was present during the 3 month primary period. If it was, then its onset is coded as the date it appeared at the minimum criterion level required by the glossary definition. Once again, there is a proviso that if the incapacity has been present only intermittently, the onset is dated from when the incapacity began again following the last period of one year (or longer) without incapacity. The dates of exacerbations from partial to complete incapacity are also recorded.

Even if a child did not code for any problems in the a particular section of the CAPA, the Incapacity section cannot be skipped. If you have enough information, not every question needs to be asked.

TREATMENT

Referrals to professional agencies or professional concerned with child’s symptoms or behavior.

Note the name of the site where treatment was received and the professionals seen.

Treatment may be coded even if symptoms did not code in the CAPA.
PARENTAL RELATIONSHIPS - PARENT #1

A child should be able to maintain relationships with his/her parents that are relatively harmonious and capable of containing positive and nurturant communication. The number of arguments or fights that a subject is involved in is rated separately. A change in the relationships, temporally associated with other symptomatology, should ordinarily be expected in order to rate incapacity.

WITHDRAWAL: Incapacity involving refusal or inability to be involved with, or talk to, parent.

DISCORD: Incapacity involving aggression, arguments, fights, or disruptive behavior.

Does anything we have been talking about affect how you get along with your "Parent #1"?

Does anything we have been talking about cause you to avoid each other?

Do you refuse to talk to each other?

Does "Parent #1" need to punish you more because of this issue(s)?

Do these difficulties cause any arguments?

Have any of the arguments gotten physical? Did anyone get injured?

What issue(s) is causing the problem between you and "Parent #1"?

When did this first become a problem?

When did this first become a big problem?

**Definitions and questions**

**SELF-CARE**
A child should be able to keep him/herself clean and tidy to a degree consonant with his/her age.

The reduction in level of self-care must be marked enough to have led to visible or smellable changes, or to require unusual parental efforts to maintain appearance.

*Has anything we have been talking about made it harder for you to keep yourself clean and tidy?*

Have you stopped/reduced bathing or showering because of any problems we have been talking about? Have you stopped brushing your teeth because of problems we have talked about?

*What issue(s) is making it harder to keep yourself clean and tidy?*

*When did this first become a problem?*

*When did this first become a big problem?*

CHORES
A child should be able to perform reasonable work tasks expected of him/her at home, such as keeping the bedroom tidy, helping out around the house and yard. Remember that in most cases a decrement in ability or willingness to perform the tasks is required for an incapacity to be noted.

Do you help with chores around the house?
Like cleaning up your room?
Or helping wash the dishes?
Are there any things that you can’t do properly or that you stopped doing because of the way you have been feeling?

Would it make a difference if you didn’t have “these problems”?

What issue(s) is causing the problem of not helping with chores?

When did this first become a problem?
When did this first become a big problem?

SCHOOL LIFE

SCHOOL PERFORMANCE

Deterioration in classwork, behavior, or ability to participate in school is considered to be evidence of an incapacity. A description of things that the child used to be able to do but can do no longer is required for a rating here. Do not include children whose low intelligence limits their ability to perform at school and have, therefore, always had poor results.

However, a child that has never been able to perform due to hyperactivity or chronic conduct problems would code if it is clear that these problems contribute to difficulties with school performance.

Does anything we have been talking about affect how well you can do your classwork at school?

What are your grades like in school?

Have your grades gotten worse?

### TEACHER RELATIONSHIPS

A deterioration in a child's relationships with his/her teachers is regarded as an incapacity. The need to use increasing levels of disciplinary action, or a withdrawal from contact with teachers with whom the child has previously had good relationships, is evidence of disturbance here.

**WITHDRAWAL**: Incapacity involving refusal or inability to be involved with or talk to teachers.

**DISCORD**: Incapacity involving aggression, arguments, fights or disruptive behavior.

**Does anything we have been talking about affect how you get along with teachers?**

**Does you avoid each other because of any issue(s)?**

**Do you refuse to talk to each other?**

**Do the teachers need to punish you more because of this issue(s)?**

**Do these difficulties cause any arguments?**

**Have any of the arguments gotten physical?**

**What behavior(s) is causing the problem between you and your teacher(s)?**

**When did this first become a problem?**

**When did this first become a big problem?**

PEER RELATIONSHIPS AT SCHOOL

Children should be able to form mutually interested relationships and to undertake activities together (playing, chatting constitute activities in this setting). The loss of friends or withdrawal from peer activities indicates incapacity in this area.

WITHDRAWAL: Incapacity involving refusal or inability to be involved with or talk to peers.

DISCORD: Incapacity involving aggressions, arguments, fights or disruptive behavior.

Has it made you see friends less than you used to? Does anything we have been talking about affect how you get along with other children at school?

Do you avoid each other?
Do you refuse to talk to each other?
Do these difficulties cause any arguments?
Have any of the arguments gotten physical?
Did anyone get injured?

What issue(s) is causing the problem between you and other children at school?

## Incapacity Ratings

FOR REVIEW ONLY
Definitions and questions

**SPARE TIME ACTIVITIES**
Reduction of spontaneous out of school activities by at least one third and to a degree outside their normal range of variation. Care should be taken to ensure that the subject has not lost interest in an activity for no particular reason. That is to say that the reduction in involvement must clearly be a response to some symptomatology.

*Does anything we have been talking about affect what you do with your spare time?*

*Does anything affect your ability to do out-of-school activities?*

Either alone or with other kids?

*In the last 3 months, do you find that you are doing less of the things you used to enjoy?*

*How much less?*

What issue(s) is affecting your spare time activities outside of school?

*When did this first become a problem?*

*When did this first become a big problem?*

RELATIONSHIPS WITH ADULTS IN SPARE TIME ACTIVITIES

Both withdrawal from such relationships and disturbances of their harmony are evidence to be borne on mind for the purposes of a rating here.

WITHDRAWAL: Incapacity involving refusal or inability to be involved with or talk to adults.

DISCORD: Incapacity involving aggression, arguments, fights or disruptive behavior.

Does anything we have been talking about affect how you get along with other adults outside of home or school?

Does anything affect how you get along with your neighbors?

Or adults at the grocery store or movie theaters?

How about with grandparents?
Do you refuse to talk to some adults?
Has it made you see less of other adults or avoid them?

Do these difficulties cause any arguments?

Have any of the arguments gotten physical?
Did anyone get injured?

What behavior(s) is causing the problem between you and other adults?

When did this first become a problem?

When did this first become a big problem?

EMPLOYMENT

Many adolescents have jobs, and they may prove unable to perform these jobs adequately as a result of psychopathology, in which case an incapacity should be recorded as being present as a result of that psychopathology. Their performance of the job must actually be substandard to some degree. It is not enough that the subject should simply describe it as being more difficult or tiring.

Does anything we have been talking about affect how well you can do your job?

Do you avoid interacting with people at work?

Do you refuse to talk to co-workers?

Do these difficulties cause any arguments?

Have any of the arguments gotten physical? Did anyone get injured?

What behavior(s) is causing the problem between you and others at work?

When did this first become a problem?

When did this first become a big problem?

**TREATMENT**
Referrals to professional agencies concerned with child psychopathology are coded here.

*Has you sought help from anyone about these issues in the last 3 months?*

*Have you received any treatment for any of the issues we have been talking about in the last 3 months?*

*Like a doctor or anyone at school?*

Did you go to a clinic?  
Or into a hospital?  
What did they do?  
Did it help at all?

What issue(s) lead you (or your parents) to seek treatment?

When was the first time you (or your parents) sought help?
**MEDICATION**

Any medication prescribed by a medical practitioner (either mainstream or alternative) or given by parents or guardian. Do not include analgesics taken less than once per week for sporadic headaches, etc. However, such drugs should be included if they are taken more regularly than this.

Note: Type and daily dose if known for any medication mentioned.

*Do you take any medication for any of the issues we have been talking about?*

- Or tablets or pills?
- Or anything from your doctor?
- What?
- Why are you taking it?

IF PRESENT, COLLECT NAME OF MEDICATION AND ONSET.

PLACEMENT

If, by reason of psychological or behavioral disturbance, a child's residential placement is changed, then that change is recorded in this section. The same guiding rules apply to these ratings as are outlined above.

With children who have experienced changes ask:

In the last 3 months, has you been placed into foster care/residential treatment facility BECAUSE of any of the issues we have been talking about?

Have you changed or moved to a new foster home/residential treatment facility BECAUSE of your behavior?
In the last 3 months, has you been placed into any treatment facility BECAUSE of your behavior?

What is the reason(s) you were placed in this home/facility?
When was the first time you were placed in a home/facility?
